WHEREAS, in accordance with Streets and Highways Code §§ 30950.3(b), BATA shall give first priority to projects and expenditures that are deemed necessary by the department and the authority to preserve and protect the bridge structures; and

WHEREAS, due to the outbreak of a novel coronavirus disease designated as Coronavirus Disease 2019 (“COVID-19”) by the United States Centers for Disease Control and Prevention, which has been declared a global pandemic by the World Health Organization, a BATA Recovery Ad Hoc Working Group was established, in June 2020, to evaluate the impacts of COVID-19 and the Shelter-in-Place Orders on bridge traffic and toll revenue; and

WHEREAS, on June 23, 2021, BATA approved the Ad Hoc Working Group Summary Report and Action Plan to address the COVID-19 pandemic impact on the BATA toll bridges and approaches; and

WHEREAS, pursuant to the recommendations of the BATA Recovery Ad Hoc Working Group Summary Report and Action Plan, BATA and Caltrans developed the Toll Bridge Asset Management Plan in conformity with the preeminent industry practices in asset management; and

WHEREAS, the adoption of the Toll Bridge Asset Management Plan is not a budgetary action; now, therefore, be it

RESOLVED, that BATA approves the Toll Bridge Asset Management Plan attached hereto as Attachment A and incorporated herein as though set forth in length; and be it further

RESOLVED, that the Section Director, Capital Delivery, Asset Management, and Roadside Tolling (or successor sections and/or positions with the same or similar scope and responsibilities) or designee or Chief Financial Officer may approve administrative adjustments to the Toll Bridge Asset Management Plan to better align with Plan Bay Area, and MTC general goals and objectives, Caltrans policy, and the BATA Plan of Finance.
