    - 300 accounts
3. New Program Manager – September 2024

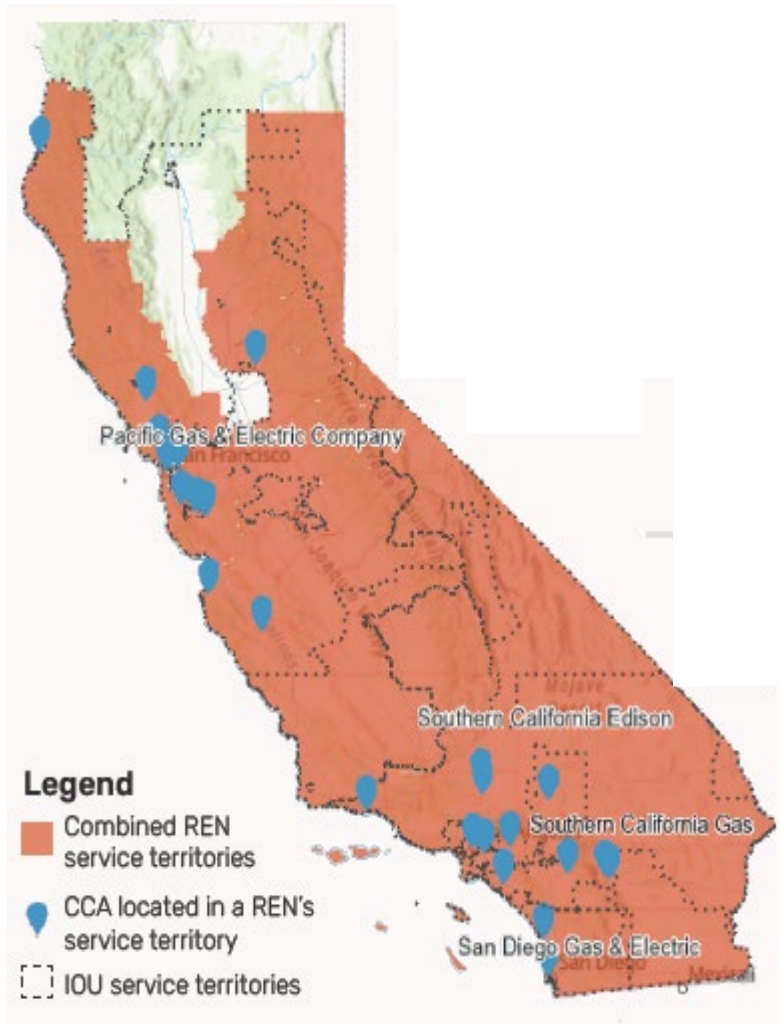

**52** Participating Agencies

**4** Member Exec Committee

# About Regional Energy Networks (RENs)

Play a crucial role in saving energy in California, especially in our underserved communities.

Offer resources that result in reduction of energy consumption. Energy efficiency lowers costs for consumers and the overall energy system.

Understand regional needs and create energy efficiency programs that help address local challenges.

Work closely with their communities and with other program administrators to ensure offerings are a community benefit

# About BayREN

The Bay Area Regional Energy Network (BayREN) is a **coalition** of the Bay Area's **nine counties** — a network of local governments and the Association of Bay Area Governments (ABAG) partnering to **promote energy, water and greenhouse gas reduction** for residents, small businesses and local governments.

# PROGRAM OFFERINGS

## Residential
