

**Metropolitan Transportation Commission  
Programming and Allocations Committee**

**February 11, 2026**

**Agenda Item 2b-26-0077**

**MTC Resolutions Nos. 3989, Revised and 4505, Revised**

---

**Subject:**

Various revisions to the One Bay Area Grant (OBAG 3) and MTC exchange programs, including programming \$12 million to MTC for Community Action Resource and Empowerment (CARE) Community-Based Transportation Plan (CBTP) Technical Assistance Implementation, \$1 million to MTC for various CARE Power-Building and Engagement (Pb+E) projects, and \$100,000 to MTC for the Bay Area Vision Zero Data System (BayViz).

**Background:**

The OBAG 3 program establishes the policy and programming framework for investing federal Surface Transportation Block Grant Program (STP) and Congestion Mitigation and Air Quality Improvement program (CMAQ) funds for FY 2023 through FY 2026.

MTC's fund exchange program provides greater flexibility to deliver select priority projects within the broader OBAG framework. MTC Resolution No. 3989, Revised, describes the procedures governing MTC's exchange program and details the agreements and commitments that have been made to date. The program facilitates funding agreements with partner agencies to exchange federal STP/CMAQ funds with non-federal local funds. These exchanges do not increase the total amount of funds available to the region but enable MTC to support key investments within the OBAG policy framework that are ineligible for STP/CMAQ funds.

This month, staff recommend revisions to the OBAG 3 and MTC exchange programs as detailed below.

***Community Action Resource and Empowerment (CARE)***

The Commission has set aside \$15 million in OBAG 3 Regional Complete Streets and Community Choice funds to support the Community Action Resource and Empowerment (CARE) Program, which is also funded through the Regional Early Action Planning (REAP 2) Program. Of the OBAG 3 amount, the Commission has programmed \$3 million to date for Power-Building and Engagement (Pb+E) projects and program implementation.

This month, staff recommend programming the remaining \$12 million in CARE balances to MTC for Community-Based Transportation Plan (CBTP) Technical Assistance Implementation. These funds would be used for CBTP project development as detailed in the CARE Program Guidelines (MTC Resolution No. 4604, Revised), which are also recommended for revisions this month. As part of this action, staff recommend changing the fund source from federal STP/CMAQ to non-federal MTC exchange to reduce administrative burden and increase flexibility for project sponsors.

In addition, staff recommend revising the OBAG 3 program (MTC Resolution No. 4505) to reflect the \$1 million in CARE Pb+E projects awarded by the Commission last month.

***Regional Vision Zero/Safety Program***

In December 2023, the US Department of Transportation awarded MTC a \$10 million Safe Streets and Roads for All (SS4A) Planning and Demonstration Grant to complement MTC's Regional Vision Zero/Safety Program, including expanding and improving the BayViz safety data system. The existing system is operated by a third-party vendor, under a contract that is ineligible for federal funds. Staff plan to transfer to in-house administration of the BayViz system using federal SS4A and OBAG 3 funds, giving MTC more control and ownership over the improved tool and underlying data.

Due to delays in executing the SS4A grant, MTC has extended the existing contract to continue BayViz operations in the meantime. The Commission previously exchanged a total of \$160,000 in federal OBAG 3 STP/CMAQ for non-federal MTC exchange funds for two one-year BayViz contract extensions (in March 2024 and March 2025).

This month, staff recommend changing the fund source for an additional \$100,000 in OBAG 3 funds previously programmed to MTC for BayVIZ from federal STP/CMAQ to non-federal MTC exchange funds. This additional exchange will fund a final one-year extension of the existing BayViz contract and support the transition to in-house operations.

***Planning and Implementation Advances***

In October 2025, the Commission approved \$31.3 million in advance programming to MTC to support continued planning and implementation activities by the County Transportation Agencies (\$18.7 million) and MTC (\$12.7 million) during the OBAG 4 period. This month, staff recommend incorporating these amounts into recommended OBAG 4 programming as detailed in Agenda Item 4a.

**Issues:**

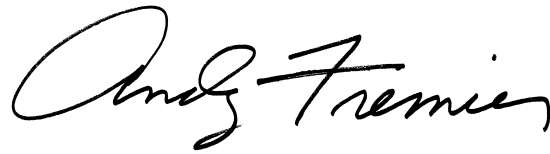

None.

**Recommendations:**

Refer MTC Resolution Nos. 3989, Revised and 4505, Revised to the Commission for approval. Resolution No. 4505 is also recommended for revisions under Agenda Item 4a, and is included once under this item with all proposed revisions. Only items referred by the Committee will be forwarded to the Commission for approval.

WHEREAS, MTC, as the RTPA/MPO for the San Francisco Bay Area, is assigned programming and project selection responsibilities for certain state and federal funds; and

WHEREAS, state and federal funds assigned for RTPA/MPO programming discretion are subject to availability and must be used within prescribed funding deadlines; and

WHEREAS, the California Department of Transportation (Caltrans) Obligation Authority (OA) Management Policy allows RTPAs and MPOs to exchange regional Surface Transportation Block Grant Program (STP), Congestion Mitigation and Air Quality Improvement Program (CMAQ), and other federal funds assigned to the RTPA or MPO with Caltrans and other regions, when a region or Caltrans-managed local program has excess or insufficient apportionment available to deliver its annual federal program; and

WHEREAS, Title 23 CFR § 630, Subpart G, allows the advancement of federal-aid projects and expenditure of eligible costs prior to the obligation of funds (referred to as “Advance Construction” or “AC”) with reimbursement of eligible expenditures permitted following conversion of the AC to a regular obligation; and

WHEREAS, MTC, in cooperation with transit operators, Caltrans, the Bay Area Air Quality Management District (BAAQMD), Bay Area County Transportation Agencies (CTAs), counties, cities, and interested stakeholders, has developed policies and procedures to be used in the selection of projects to be funded with various funding including regional federal funds as set

forth in Attachments A and B of this Resolution, incorporated herein as though set forth at length; and

WHEREAS, using the policies set forth in Attachment A of this Resolution, MTC, in cooperation with the Bay Area Partnership and interested stakeholders, will develop a program of projects to be funded with these funds for inclusion in the federal TIP, as set forth in Attachment B of this Resolution, incorporated herein as though set forth at length; and

WHEREAS the federal TIP and subsequent TIP revisions and updates are subject to public review and comment; now therefore be it

RESOLVED that MTC approves the “Project Selection and Programming Policies” for projects to be funded in the OBAG 3 program as set forth in Attachments A and B of this Resolution; and be it further

RESOLVED that the funds assigned to MTC as the RTPA/MPO for programming and project selection shall be pooled and distributed on a regional basis for implementation of project selection criteria, policies, procedures, and programming, consistent with implementation of the Regional Transportation Plan (RTP); and be it further

RESOLVED that the projects will be included in the federal TIP subject to final federal approval and requirements; and be it further

RESOLVED that the Executive Director or designee may make technical adjustments and other non-substantial revisions, including changes to project sponsor, updates to fund sources and distributions to reflect final funding criteria and availability; and be it further

RESOLVED that the Executive Director or designee is authorized to revise Attachment B as necessary to reflect the programming of projects as the projects are selected, revised, and included in the federal TIP; and be it further

RESOLVED that the Executive Director or designee is authorized to execute Advance Construction (AC) Authorizations with Caltrans and/or the Federal Highway Administration (FHWA) for federal projects sponsored or implemented by the Metropolitan Transportation Commission; and be it further

RESOLVED that the Executive Director or designee is authorized to execute agreements and Letters/Memorandums of Understanding with Caltrans and other MPOs and RTPAs for the exchange of regional Surface Transportation Block Grant Program (STP), Congestion Mitigation and Air Quality Improvement Program (CMAQ) and other federal funds assigned to MTC for programming discretion, consistent with Caltrans' Obligation Authority (OA) Management Policy; and be it further

RESOLVED that the Executive Director or designee shall make available a copy of this resolution, and attachments as may be required and appropriate.
