Programming and Allocations Committee**

December 11, 2024

Agenda Item 2b-24-1411

**MTC Resolution No. 4673****Subject:**

The proposed action allocates \$47.2 million in FY2024-25 State Transit Assistance State of Good Repair funds to transit operators and MTC.

**Background**

The Road Repair and Accountability Act of 2017, Senate Bill (SB) 1 (Chapter 5, Statutes of 2017), created the State of Good Repair Account within the State Transit Assistance Program. The State Controller provides the estimate of funding available by operator in accordance with PUC Section 99314 (Revenue-based share) and to the MTC region in accordance with PUC Section 99313 (Population-based share). Approximately \$34.6 million is expected in revenue-based funds, along with \$12.5 million in population-based funds and these amounts are included in the MTC Fund Estimate (MTC Resolution No. 4629, Revised).

MTC compiled and submitted the FY 2024-25 STA-SGR proposed project list for Caltrans' review through MTC Resolution No. 4659 in July 2024 and the CalSMART grant system. MTC proposes to allocate funds to these projects as required by statute.

Funding recipients are responsible for working directly with Caltrans to deliver their projects and meet the program guidelines. Funds will be allocated to a variety of projects to improve the state of good repair of the Bay Area's transit systems – see Attachment A to this resolution for the complete list of projects and allocations.

Most operators will use their revenue-based funds for state of good repair projects of equipment or facilities, to provide local match for projects funded with other state or federal funds, or for the rehabilitation or purchase of public transit vehicles. In accordance with the policy set forth in MTC Resolution 4321, the population-based STA-SGR funds are allocated to MTC to assist in the delivery of the Next Generation Clipper® system.
