

Clipper® Next Generation Program Update

Clipper Executive Board
August 25, 2025

August 20, 2025: Launch of “Tap and Ride” on BART

CLIPPER®

August 20, 2025: Launch of "Tap and Ride" on BART

- Enables BART fare gates to accept contactless bank cards for fare payment
- Benefits:
 - New payment option
 - Ramps up system usage prior to full launch
 - Can be enabled while work continues on remaining deployments
 - Brings key components to launch readiness (e.g., Clipper Customer Service Center (CSC), fare inspection devices, settlement/reconciliation)
 - Reduces demand for plastic Clipper cards
- Next Steps:
 - Refinements based on data/experience in BART-only phase (e.g., customer messaging, CSC agent training, settlement training for other operators)
 - Complete remaining deployments, installations, and trainings for full transition, which will bring open payments to all operators

Full System Progress Since July 28 CEB Meeting

- **Field testing:**

- Completed testing of Open Payments readiness for BART launch.
- Completed initial testing of VenTek TVMs .
- Testing continues: fare validators, inspection devices, fare media, website, mobile app, fare card orders/fulfillment, TeleCheck (bank account payment) integration, account-based retail device software.

- **Institutional & Transit Benefits (ITB) portal:**

- Back office fixes implemented, testing resumed.

- **Training:**

- Settlement reporting training session held for BART open payments launch. Training materials being finalized for other operators.

- **BART validators:**

- Ticket Vending Machine (TVM) testing continues.

- **VenTek TVMs:**

- Initial field testing completed; limited-use ticket issuance testing underway.

- **Mobile integration:**

- Migration testing continues in test environment.
- Mobile card field testing continues.

Remaining Risks to Schedule

- BART TVM integration and installation
- VenTek TVM integration
- Mobile wallet integration
- Fixes for field testing issues
- Institutional & Transit Benefits (ITB) portal integration and validation
- Customer Service Terminal (CST) integration and installation

(No changes since last CEB)

Upcoming Work Planned as of the July 28 CEB Meeting

~~• Delivery of customer benefit phase-in of open payments on BART~~

- Upcoming deployments:

- 7/24/2025:
 - ~~• CSC software update~~
- Week of 8/4/2025:
 - ~~• Inspection device software, onboard equipment software~~
- Week of 8/11/2025:
 - ~~• Back-office updates for Institutional & Transit Benefits portal, TVM add-value transactions, and mobile card migration~~
- Week of 8/18/2025:
 - Mobile App update
- TBD: Retail device software, Customer Service Terminals, Muni TVM software, and limited-use tickets

- Reduction of remaining schedule risks:
 - BART TVM integration and installation
 - VenTek TVM integration
 - Mobile wallet integration
 - Fixes for field testing issues
 - Institutional & Transit Benefits portal integration and validation
 - Customer Service Terminal integration and installation

Path to Customer Transition: Week of 8/25/2025

Activity	Responsible Party
System deployments: <ul style="list-style-type: none"> • TVM add-value transaction fixes and TR4 firmware update • Mobile wallet transaction fixes • Institutional Program Administration Tool update • Customer Service Center software fixes • Data Store and Report updates • Muni TVM software 	Cubic
Limited-use ticket validation	Cubic
Customer Service Terminals: <ul style="list-style-type: none"> • Production demo/validation • Configuration/setup for pilot locations 	Cubic, MTC, Operators
Institutional & Transit Benefits portal setup/training	Cubic, MTC
Inspection Device updates/delivery coordination	Cubic, MTC
Field verification of bug fixes	MTC
BART Vending/Add-Fare Machine testing	BART
VenTek Ticket Vending Machine testing & deployment	VenTek
Mobile card migration testing	Cubic, mobile wallet providers

Path to Customer Transition: Week of 9/1/2025

Activity	Responsible Party
System deployments: <ul style="list-style-type: none">• Customer website• iOS and Android mobile app updates• Retail device software (and associated back-office fixes)	Cubic
Customer Service Terminals: <ul style="list-style-type: none">• Configuration/setup for pilot locations	Cubic, MTC, Operators
Institutional & Transit Benefits portal setup/training	Cubic, MTC
Inspection Device updates/delivery coordination	Cubic, MTC
Field verification of bug fixes	MTC
BART Vending/Add-Fare Machine testing & deployment	BART
VenTek Ticket Vending Machine testing & deployment	VenTek
Mobile card migration testing	Cubic, mobile wallet providers

Path to Customer Transition: Weeks of 9/8/2025 & 9/15/2025

Activity	Responsible Party
Customer Service Terminals: <ul style="list-style-type: none">• Installation/training• Configuration/setup for remaining locations	Cubic, MTC, Operators
Institutional & Transit Benefits portal setup/training	Cubic, MTC
Inspection Device updates/delivery coordination	Cubic, MTC
