

LEGISLATIVE HISTORY

MTC and ABAG Priority Bills

Tuesday, July 09, 2024

Bill Number	Current Text	Status	Summary	MTC Position	ABAG Position
AB 6 Friedman	Amended 5/30/2024	Senate Dead	Transportation planning: regional transportation plans: reduction of greenhouse gas emissions. Current law requires certain transportation planning agencies to prepare and adopt regional transportation plans directed at achieving a coordinated and balanced regional transportation system. Current law requires that each regional transportation plan include a sustainable communities strategy prepared by each metropolitan planning organization in order to, among other things, achieve certain regional targets established by the State Air Resources Board for the reduction of greenhouse gas emissions from automobiles and light trucks in the region for 2020 and 2035, respectively. Current law requires the state board to update the regional targets every 8 years until 2050. Current law requires a metropolitan planning organization, before adopting a sustainable communities strategy, to quantify the reduction in the emissions of greenhouse gases projected to be achieved by the sustainable communities strategy and set forth the difference, if any, between the amount of that reduction and the regional targets. This bill would require the state board to update the regional targets indefinitely, rather than only until 2050, and authorize the state board to update the years to which those targets apply, as specified.		
AB 7 Friedman	Amended 9/1/2023	Senate 2 year	Transportation: planning: project selection processes. The Transportation Agency is under the supervision of the Secretary of Transportation, who has the power of general supervision over each department within the agency. The secretary, among other duties, is charged with developing and reporting to the Governor on legislative, budgetary, and administrative programs to accomplish coordinated planning and policy formulation in matters of public interest, including transportation projects. On and after January 1, 2025, and to the extent applicable, feasible, and cost effective, this bill would require the agency, the Department of Transportation, and the California Transportation Commission to incorporate specified goals into program funding guidelines and processes.		
AB 12 Haney	Chaptered 10/11/2023	Assembly Chaptered	Tenancy: security deposits. Would, beginning July 1, 2024, instead prohibit a landlord from demanding or receiving security for a rental agreement for residential property in an amount or value in excess of an amount equal to one month's rent, regardless of whether the residential property is unfurnished or furnished, in addition to any rent for the first month paid on or before initial occupancy. The bill, unless the prospective tenant is a service member, as defined, would prohibit a landlord from demanding or receiving security for a rental agreement for residential property in an amount or value in excess of 2 months' rent, in addition to any rent for the first month, if the landlord (1) is a natural person or a limited liability corporation in which all members are natural persons and (2) owns no more than 2 residential rental properties that collectively include no more than 4 dwelling units offered for rent. This bill contains other related provisions and other existing laws.		

AB 16 Dixon	Amended 1/3/2024	Assembly Dead	<p>Motor Vehicle Fuel Tax Law: adjustment suspension. Would authorize the Governor to suspend an adjustment to the motor vehicle fuel tax, as specified, scheduled on or after July 1, 2025, upon making a determination that increasing the rate would impose an undue burden on low-income and middle-class families. The bill would require the Governor to notify the Legislature of an intent to suspend the rate adjustment on or before January 10 of that year, and would require the Department of Finance to submit to the Legislature a proposal by January 10 that would maintain the same level of funding for transportation purposes as would have been generated had the scheduled adjustment not been suspended.</p>		
AB 31 Carrillo, Juan	Introduced 12/5/2022	Assembly Dead	<p>Public transit: funding. Current law provides various sources of funding for capital and operating expenses of public transit systems and intercity rail in the state. This bill would state the intent of the Legislature to enact subsequent legislation that would appropriate funds for the development and operation of a privately run public transit system connecting the Victor Valley and the Antelope Valley in southern California.</p>		
AB 50 Wood	Chaptered 10/9/2023	Assembly Chaptered	<p>Public utilities: timely service: customer energization. Existing law authorizes the Public Utilities Commission to fix the rates and charges for every public utility, and requires that those rates and charges be just and reasonable. Existing law requires the commission to enforce rules governing the extension of service by electrical corporations. This bill would require the commission to determine the criteria for timely service for electric customers to be energized, including, among other things, categories of timely electric service through energization, as specified. The bill would require each electrical corporation that energized less than 35% of customers with completed applications exceeding 12 months in duration by January 31, 2023, to submit a report to the commission, as specified, on or before December 1, 2024, demonstrating that the electrical corporation has energized 80% of customers with applications deemed complete as of January 31, 2023, as specified. To improve the accuracy of projected demand and facilitate achievement of the goal of timely electric service through energization, the bill would require each electrical corporation to evaluate and update, as necessary, its existing distribution planning processes. In order to inform the commission's determination of criteria for timely service, the bill would require the commission to annually collect certain information from each electrical corporation until new reporting requirements are established. This bill contains other related provisions and other existing laws.</p>		
AB 73 Boerner	Amended 3/9/2023	Senate Dead	<p>Vehicles: required stops: bicycles. Current law requires the driver of any vehicle, including a person riding a bicycle, when approaching a stop sign at the entrance of an intersection, to stop before entering the intersection. A violation of this requirement is an infraction. This bill would require a person who is 18 years of age or older riding a bicycle upon a two-lane highway when approaching a stop sign at the entrance of an intersection with another roadway with two or fewer lanes, where stop signs are erected upon all approaches, to yield the right-of-way to any vehicles that have either stopped at or entered the intersection, or that are approaching on the intersecting highway close enough to constitute an immediate hazard, and to pedestrians, as specified, and continue to yield the right-of-way to those vehicles and pedestrians until reasonably safe to proceed. The bill would require other vehicles to yield the right-of-way to a bicycle that, having yielded as prescribed, has entered the intersection. The bill would state that these provisions do not affect the liability of a driver of a motor vehicle as a result of the driver's negligent or wrongful act or omission in the operation of a motor vehicle.</p>		

AB 84 Ward	Chaptered 10/11/2023	Assembly Chaptered	Property tax: welfare exemption: affordable housing. (1) Existing property tax law, in accordance with the California Constitution, provides for a "welfare exemption" for property used exclusively for religious, hospital, scientific, or charitable purposes and that is owned or operated by certain types of nonprofit entities, if certain qualifying criteria are met. Existing law defines "property used exclusively for religious, hospital, or charitable purposes" to include facilities in the course of construction on or after the first Monday of March 1954, as specified. This bill would expand this partial exemption to property acquired, rehabilitated, developed, or operated, or any combination of these factors, with financing from qualified 501(c)(3) bonds, as defined.	Support	Support
AB 86 Jones-Sawyer	Amended 4/20/2023	Senate 2 year	Homelessness: Statewide Homelessness Coordinator. Would require the Governor to appoint a Statewide Homelessness Coordinator, within the Governor's Office, to serve as the lead person for ending homelessness in California. The bill would require the coordinator to perform prescribed duties, including, among others, identifying a local leader in each relevant city, county, city and county, or other jurisdiction to serve as a liaison between the coordinator and that jurisdiction, overseeing homelessness programs, services, data, and policies between federal, state, and local agencies, coordinating the timing of release of funds and applications for funding for housing and housing-based services impacting Californians experiencing homelessness, and, in collaboration with local leaders, providing annual recommendations to the Legislature and the Governor, as specified. The bill would authorize the coordinator to adjust state goals to the extent allowed by state law.		
AB 96 Kalra	Chaptered 10/8/2023	Assembly Chaptered	Public employment: local public transit agencies: autonomous transit vehicle technology. Would require a public transit employer, at least 10 months before beginning a procurement process to acquire or deploy any autonomous transit vehicle technology for public transit services that would eliminate job functions or jobs of a workforce, to provide written notice to the exclusive employee representative of the workforce affected by the autonomous transit vehicle technology of its determination to begin that procurement process. The bill would require the public transit employer and exclusive employee representative, upon written request by the exclusive employee representative, to commence collective bargaining within a specified time period on certain subjects, including creating plans to train and prepare the affected workforce to fill new positions created by the autonomous transit vehicle technology. The bill would vest the Public Employment Relations Board (PERB) with jurisdiction to process unfair practice charges alleging violations of these provisions, but only as to transit district employers where PERB has jurisdiction to process unfair practice charges. Should an employee organization file an unfair practice charge with PERB, the bill would require PERB's powers and duties to apply, as appropriate, and would require PERB's regulations to apply. The bill would authorize PERB to make additional emergency regulations, as specified.		
AB 102 Ting	Chaptered 7/10/2023	Assembly Chaptered	Budget Act of 2023. Would amend the Budget Act of 2023 by amending, adding, and repealing items of appropriation and making other changes. This bill would declare that it is to take effect immediately as a Budget Bill.		
AB 107 Gabriel	Chaptered 6/26/2024	Assembly Chaptered	Budget Act of 2024. Would make appropriations for the support of state government for the 2024–25 fiscal year. This bill would declare that it is to take effect immediately as a Budget Bill.		

AB 129 Committee on Budget	Chaptered 7/10/2023	Assembly Chaptered	<p>Housing. Current law establishes the Department of Housing and Community Development (HCD) in the Business, Consumer Services, and Housing Agency for purposes of carrying out state housing policies and programs, and creates in HCD the California Housing Finance Agency. This bill would remove the California Housing Finance Agency from within HCD. This bill would continue the existence of the California Housing Finance Agency in the Business, Consumer Services, and Housing Agency.</p>		
AB 281 Grayson	Chaptered 10/11/2023	Assembly Chaptered	<p>Planning and zoning: housing: postentitlement phase permits. Existing law, which is part of the Planning and Zoning Law, requires a local agency to compile a list of information needed to approve or deny a postentitlement phase permit, to post an example of a complete, approved application and an example of a complete set of postentitlement phase permits for at least 5 types of housing development projects in the jurisdiction, as specified, and to make those items available to all applicants for these permits no later than January 1, 2024. Existing law establishes time limits for completing reviews regarding whether an application for a postentitlement phase permit is complete and compliant and whether to approve or deny an application, as specified, and makes any failure to meet these time limits a violation of specified law. Existing law defines various terms for these purposes, including "local agency" to mean a city, county, or city and county, and "postentitlement phase permit," among other things, to exclude a permit required and issued by a special district. This bill would require a special district that receives an application from a housing development project for service from a special district or an application from a housing development project for a postentitlement phase permit, as specified, to provide written notice to the applicant of next steps in the review process, including, but not limited to, any additional information that may be required to begin to review the application for service or approval. The bill would require the special district to provide this notice within 30 business days of receipt of the application for a housing development with 25 units or fewer, and within 60 business days for a housing development with 26 units or more. The bill would define various terms for these purposes. By imposing additional duties on special districts, the bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.</p>		
AB 309 Lee	Vetoed 10/7/2023	Assembly Vetoed	<p>The Social Housing Act. Would enact the Social Housing Act and would create, in the Department of General Services, the Social Housing Program, the mission of which would be to ensure that qualified social housing developments are produced on leased state property to help address the housing crisis, as specified. The bill would authorize the program to identify and develop up to 3 qualified social housing projects, as specified, with the intent to use the results to inform public policy related to developing an independent public entity to develop statewide qualified social housing. The bill would require the program to solicit bids to develop qualified social housing units, and prioritize bids that demonstrate long-term revenue neutrality or a cost rent model, as those terms are defined. The bill would require the program to employ 2 different leasing models, the rental model and the ownership model, as specified, in creating social housing. The bill would prohibit a city or county from denying a social housing development authorized under the program. The bill would authorize a city or county to propose objective design review standards, as specified, and authorize a city or county to propose modifications to mitigate any specific, adverse impacts on public health or safety, as specified.</p>		

<p>AB 312 Reyes</p>	<p>Amended 3/30/2023</p>	<p>Assembly Dead</p>	<p>State Partnership for Affordable Housing Registries in California Grant Program. Would establish, subject to appropriation by the Legislature, the State Partnership for Affordable Housing Registries in California Grant Program to provide technical assistance to eligible entities, as defined, for the purpose of creating a state-managed online platform of affordable housing listings, information, and applications. The bill would require the department to administer the program and to adopt guidelines for this purpose. The bill would require the department to develop a housing preapplication to standardize applications for affordable housing and to solicit participation of eligible entities no later than January 1, 2026, and to launch the platform no later than July 1, 2027. The bill would require the department to provide technical assistance to participating entities and to ensure equitable access to database users, as specified. The bill would authorize the department to coordinate with the Office of Data and Innovation to carry out the requirements of the program and to contract with vendors pursuant to existing provisions of state contract law, as specified. The bill would establish minimum requirements for the platform and would require a vendor selected to create and maintain the platform to demonstrate specified capabilities and implement those requirements. The bill would exempt from disclosure as a public record any personally identifiable information collected by the platform or shared between eligible entities and the department in administering the program.</p>		
<p>AB 316 Aguilar-Curry</p>	<p>Vetoed 9/22/2023</p>	<p>Assembly Vetoed</p>	<p>Vehicles: autonomous vehicles. Would require a manufacturer of an autonomous vehicle to report to the Department of Motor Vehicles a collision on a public road that involved one of its autonomous vehicles with a gross vehicle weight of 10,001 pounds or more that is operating under a testing permit that resulted in damage of property, bodily injury, or death within 10 days of the collision.</p>		
<p>AB 321 Wilson</p>	<p>Amended 4/13/2023</p>	<p>Assembly Dead</p>	<p>Sales and Use Tax: exemptions: zero-emission public transportation ferries. Current sales and use tax laws impose a tax on retailers measured by the gross receipts from the sale of tangible personal property sold at retail in this state, or on the storage, use, or other consumption in this state of tangible personal property purchased from a retailer for storage, use, or other consumption in this state. This bill, beginning January 1, 2024, and until January 1, 2029, would exempt from those taxes the gross receipts from the sale in this state of, and the storage, use, or other consumption in this state of, zero-emission public transportation ferries, as defined, sold to a public agency, as specified.</p>		
<p>AB 323 Holden</p>	<p>Chaptered 10/11/2023</p>	<p>Assembly Chaptered</p>	<p>Density Bonus Law: purchase of density bonus units by nonprofit housing organizations: civil actions. Existing law, commonly referred to as the Density Bonus Law, requires a city or county to provide a developer that proposes a housing development within the city or county with a density bonus and other incentives or concessions, as specified, if the developer agrees to construct, among other options, specified percentages of units for moderate, lower, or very low income households and meets other requirements. This bill would instead require the developer and the city or county to ensure that the for-sale unit that qualified the developer for the award of the density bonus is (1) initially sold to and occupied by a person or family of the required income, or (2) if the unit is not purchased by an income-qualified person or family within 180 days after the issuance of the certificate of occupancy, the qualified nonprofit housing organization that is receiving the above-described welfare exemption meets specified requirements, including having a determination letter from the Internal Revenue Service affirming its tax-exempt status, as specified, being based in California, and the primary activity of the nonprofit corporation being the development and preservation of affordable home ownership housing in California that incorporates within their contracts for initial purchase a repurchase option that requires a subsequent purchaser that desires to sell or convey the property to first offer the nonprofit corporation the opportunity to repurchase the property pursuant to an equity sharing agreement or a specified recorded contract that includes an affordability restriction. By imposing these requirements on local agencies with respect to density</p>		

			bonuses, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.		
AB 346 Quirk-Silva	Chaptered 10/11/2023	Assembly Chaptered	Income tax credits: low-income housing: California Debt Limit Allocation Committee rulemaking. Current federal law prescribes a volume ceiling on the aggregate amount of private activity bonds that may be issued in a state. Current law creates the California Debt Limit Allocation Committee (CDLAC) for the purpose of administering the volume limit for the state on private activity bonds through an allocation system. Current law authorizes CDLAC to adopt, amend, or repeal rules and regulations as emergency regulations in accordance with the rulemaking provisions of the Administrative Procedure Act. This bill, instead, would authorize CDLAC to adopt, amend, or repeal rules and regulations without complying with the procedural requirements of the Administrative Procedures Act, except as specified. The bill would make rules and regulations adopted, amended, or repealed by CDLAC effective immediately upon adoption.		
AB 350 Aguiar-Curry	Chaptered 10/10/2023	Assembly Chaptered	Regional transportation plans: Sacramento Area Council of Governments. Current law requires each transportation planning agency to adopt and submit to the California Transportation Commission and the Department of Transportation an updated regional transportation plan every 4 or 5 years, as specified. This bill would require the updated regional transportation plan, sustainable communities strategy, and environmental impact report adopted by the Sacramento Area Council of Governments (SACOG) on November 18, 2019, to remain in effect for all purposes until the SACOG adopts its next update to its regional transportation plan, which the bill would require it to adopt and submit on or before December 31, 2025, as specified. The bill would require the SACOG, on or before July 1, 2026, and biennially thereafter, to report on the regional implementation of its most recently adopted sustainable communities strategy in a publicly available format on its internet website, as provided, thereby imposing a state-mandated local program.	Support	
AB 356 Mathis	Chaptered 7/27/2023	Assembly Chaptered	California Environmental Quality Act: aesthetic impacts. The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of an environmental impact report on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. Current law, until January 1, 2024, specifies that, except as provided, a lead agency is not required to evaluate the aesthetic effects of a project and aesthetic effects are not considered significant effects on the environment if the project involves the refurbishment, conversion, repurposing, or replacement of an existing building that meets certain requirements. This bill would extend the operation of the above provision to January 1, 2029. The bill would require the lead agency to file a notice with the Office of Planning and Research and the county clerk of the county in which the project is located if the lead agency determines that it is not required to evaluate the aesthetic effects of a project and determines to approve or carry out that project. By imposing additional duties on lead agencies, the bill would impose a state-mandated local program.		
AB 361 Ward	Chaptered 10/8/2023	Assembly Chaptered	Vehicles: photographs of bicycle lane parking violations. Current law authorizes a public transit operator, as defined, to enforce parking violations in specified transit-only traffic lanes through the use of video imaging and to install automated forward facing parking control devices on public transit vehicles for the purpose of video imaging parking violations occurring in transit-only traffic lanes, as specified. Current law requires a designated employee of a city, county, city and county, or a contracted law enforcement agency for a special transit district, who is qualified by the city and county or the district to issue parking citations, to review video image recordings for the purpose of determining whether a parking violation occurred in a transit-only traffic lane and to issue a notice of violation to the registered owner of a vehicle within 15 calendar days, as specified. Current law makes		

			these video image records confidential, and provides that these records are available only to public agencies to enforce parking violations. Current law requires an operator who implements an automated enforcement system described above to report to specified committees of the Legislature on the system's effectiveness and impact on traffic outcomes, among other things, as specified. This bill would, until January 1, 2030, authorize a local agency, as defined, to install automated forward facing parking control devices on city-owned or district-owned parking enforcement vehicles for the purpose of taking photographs of parking violations occurring in bicycle lanes.		
AB 410 Jones-Sawyer	Chaptered 7/6/2023	Assembly Chaptered	Shared mobility devices. Current law requires a shared mobility service provider to affix to each shared mobility device a tactile sign containing raised characters and accompanying braille, as specified, to identify the device for the purpose of reporting illegal or negligent activity. Current law requires the sign to include the company name, email address, and telephone number of the service provider. This bill would repeal the requirements relating to tactile signs described above until January 1, 2024. The bill, commencing January 1, 2024, would add to those tactile sign requirements that the raised characters be at minimum 1/2 inch high and in a color that contrasts with the signage background, and would delete the requirement that the sign contain the email address of the service provider.		
AB 413 Lee	Chaptered 10/10/2023	Assembly Chaptered	Vehicles: stopping, standing, and parking. Would prohibit the stopping, standing, or parking of a vehicle within 20 feet of the vehicle approach side of any unmarked or marked crosswalk or 15 feet of any crosswalk where a curb extension is present, as specified. The bill would, prior to January 1, 2025, authorize jurisdictions to only issue a warning for a violation, and would prohibit them from issuing a citation for a violation, unless the violation occurs in an area marked using paint or a sign.	Support and Seek Amendments	
AB 434 Grayson	Chaptered 10/11/2023	Assembly Chaptered	Housing element: notice of violation. Current law requires each county and city to adopt a comprehensive, long-term general plan for the physical development of the county or city, and specified land outside its boundaries, that includes, among other mandatory elements, a housing element. Upon adoption of a housing element or amendment to an adopted housing element, current law requires the planning agency to submit a copy to the Department of Housing and Community Development, as provided, and requires the department to evaluate the adopted housing element or amendment and report its findings to the planning agency within 90 days. This bill would, instead, require the department to review an adopted housing element or amendment and report its findings to the local planning agency within 60 days.		
AB 463 Hart	Introduced 2/6/2023	Assembly Dead	Electricity: prioritization of service: public transit vehicles. Current law requires the Public Utilities Commission to establish priorities among the types or categories of customers of every electrical corporation and every gas corporation, and among the uses of electricity or gas by those customers, to determine which of those customers and uses provide the most important public benefits and serve the greatest public need, and to categorize all other customers and uses in order of descending priority based on these standards. Current law requires the commission, in establishing those priorities, to consider, among other things, the economic, social, and other effects of a temporary discontinuance in electrical or gas service to certain customers or for certain uses, as specified. If an electrical or gas corporation experiences a shortage of capacity or capability and is unable to meet all demands by its customers, existing law requires the commission to order that service be temporarily reduced by an amount that reflects the established priorities for the duration of the shortage. This bill would require the commission, in establishing those priorities, to also consider the economic, social equity, and mobility impacts of a temporary discontinuance in electrical service to the customers that rely on electrical service to operate public transit vehicles.	Support	

<p>AB 480 Ting</p>	<p>Chaptered 10/11/2023</p>	<p>Assembly Chaptered</p>	<p>Surplus land. Current law prescribes requirements for the disposal of surplus land by a local agency, as defined, and requires, except as provided, a local agency disposing of surplus land to comply with certain notice requirements before disposing of the land or participating in negotiations to dispose of the land with a prospective transferee, particularly that the local agency send a notice of availability to specified entities that have notified the Department of Housing and Community Development of their interest in surplus land, as specified. Under current law, if the local agency receives a notice of interest, the local agency is required to engage in good faith negotiations with the entity desiring to purchase or lease the surplus land. This bill would define the term “dispose” to mean the sale of the surplus property or a lease of any surplus property entered into on or after January 1, 2024, for a term longer than 15 years, including renewal options, as specified. The bill would provide that “dispose” does not include entering a lease for surplus land on which no development or demolition will occur, regardless of the term of the lease.</p>		
<p>AB 499 Rivas, Luz</p>	<p>Chaptered 7/21/2023</p>	<p>Assembly Chaptered</p>	<p>Los Angeles County Metropolitan Transportation Authority: job order contracting: pilot program. Would establish a pilot program to authorize the Los Angeles County Metropolitan Transportation Authority to use job order contracting as a procurement method. The bill would impose a \$5,000,000 cap on awards under a single job order contract and a \$1,000,000 cap on any single job order. The bill would limit the term of an initial contract to a maximum of 12 months, with extensions as prescribed. The bill would establish various additional procedures and requirements for the use of job order contracting under this authorization. The bill would require the authority, on or before January 1, 2028, to submit to the appropriate policy and fiscal committees of the Legislature a report on the use of job order contracting under the bill. These provisions would be repealed on January 1, 2029.</p>		
<p>AB 519 Schiavo</p>	<p>Chaptered 10/11/2023</p>	<p>Assembly Chaptered</p>	<p>Affordable Housing Finance Workgroup: affordable housing: consolidated application and coordinated review process. Current law establishes the Department of Housing and Community Development and sets forth its powers and duties, including promoting the development of affordable housing in the state. Current law creates the California Housing Finance Agency within the department and authorizes the agency to make loans to finance affordable housing. Current law establishes the California Tax Credit Allocation Committee to allocate specified federal low-income housing tax credits. Current law also establishes the California Debt Limit Allocation Committee for the purpose of implementing the volume limit for the state on private activity bonds established pursuant to federal law. Under existing law, the committee’s duties include annually determining a state ceiling on the aggregate amount of private activity bonds that may be issued, and allocating that amount among state and local agencies. This bill would require specified reviewing entities, as defined as the above-described entities, to jointly convene an Affordable Housing Finance Workgroup to develop recommendations for state-administered programs to utilize a consolidated application for multifamily affordable rental housing developers to use to obtain grants, soft loans, low-income housing tax credits, tax exempt bonds, federal funds, as applicable, and other types of subsidies for building affordable housing, and develop a coordinated review process for the application, as described. The bill would require the workgroup to include representatives of the reviewing entities, nonprofit and for-profit affordable housing developers, and local and tribal governments. The bill would require the workgroup to identify specified information, including any state-administered program that may utilize the consolidated application and coordinated review process, and a timeline for developing a single consolidated application and coordinated review process.</p>		

<p>AB 529 Gabriel</p>	<p>Chaptered 10/11/2023</p>	<p>Assembly Chaptered</p>	<p>Adaptive reuse projects. The Planning and Zoning Law requires the Department of Housing and Community Development to determine whether the housing element in each county and city is in substantial compliance with specified provisions of that law. Current law, for award cycles commenced after July 1, 2021, awards a city, county, or city and county, that has adopted a housing element determined by the department to be in substantial compliance with specified provisions of the Planning and Zoning Law and that has been designated by the department as prohousing based upon their adoption of prohousing local policies, as specified, additional points in the scoring of program applications for housing and infrastructure programs pursuant to guidelines adopted by the department, as provided. Current law defines “prohousing local policies” as policies that facilitate the planning, approval, or construction of housing, including, but not limited to, local financial incentives for housing, reduced parking requirements for sites that are zoned for residential development, and the adoption of zoning allowing for use by right for residential and mixed-use development. This bill would add the facilitation of the conversion or redevelopment of commercial properties into housing, including the adoption of adaptive reuse, as defined, ordinances or other mechanisms that reduce barriers for these conversions, to the list of specified prohousing local policies.</p>		
<p>AB 531 Irwin</p>	<p>Chaptered 10/12/2023</p>	<p>Assembly Chaptered</p>	<p>The Behavioral Health Infrastructure Bond Act of 2023. Would provide that projects funded by the Behavioral Health Infrastructure Bond Act of 2024 that provide housing for individuals and families who are experiencing homelessness or who are at risk of homelessness and who are inherently impacted by or at increased risk for medical diseases or conditions due to the COVID-19 pandemic or other communicable diseases and are disbursed in accordance with the Multifamily Housing Program, or projects that are disbursed in accordance with the Behavioral Health Continuum Infrastructure Program, are a use by right and subject to the streamlined, ministerial review process. The bill would define use by right for these purposes to mean that the local government’s review of the project does not require a conditional use permit, planned unit development permit, or other discretionary local government review or approval that would constitute a project subject to the approval process in CEQA.</p>		
<p>AB 540 Wicks</p>	<p>Introduced 2/8/2023</p>	<p>Assembly Dead</p>	<p>Social Service Transportation Improvement Act: coordinated transportation services agencies. The Social Service Transportation Improvement Act requires transportation planning agencies and county transportation commissions to prepare and adopt plans detailing required steps to consolidate social service transportation services, including the designation of consolidated transportation service agencies. The act requires funding for implementation to be provided from specified local transportation funds. This bill would require the coordination, rather than the consolidation, of social service transportation services under the act and would recharacterize consolidated transportation service agencies in the act as coordinated transportation service agencies.</p>		
<p>AB 572 Haney</p>	<p>Chaptered 10/11/2023</p>	<p>Assembly Chaptered</p>	<p>Common interest developments: imposition of assessments. The Davis-Stirling Common Interest Development Act defines and regulates common interest developments, including the establishment and imposition of assessments. Current law limits increases in regular assessments and the aggregate of special assessments that the board may impose in any fiscal year without the approval of a majority of a quorum of members, as specified. This bill would, with certain exceptions, prohibit an association that records its original declaration on or after January 1, 2025, from imposing an increase of a regular assessment on the owner of a deed-restricted affordable housing unit that is more than 5% plus the percentage change in the cost of living, not to exceed 10% greater than the preceding regular assessment for the association’s preceding fiscal year.</p>		

AB 598 Wicks	Amended 6/10/2024	Senate Consent Calendar	<p>San Francisco Bay Area Regional Housing Finance Act: regional and county expenditure plans. The San Francisco Bay Area Regional Housing Finance Act establishes the Bay Area Housing Finance Authority (BAHFA) to raise, administer, and allocate funding for affordable housing in the San Francisco Bay area, as defined, and provide technical assistance at a regional level for tenant protection, affordable housing preservation, and new affordable housing production. The act requires the executive board of BAHFA to form an advisory committee, as specified, to assist in the development of funding guidelines and overall implementation of the program. The act authorizes the authority to impose various funding mechanisms including a parcel tax and a special tax measured by gross receipts. The act authorizes the authority to issue general obligation bonds secured by the levy of ad valorem property taxes, in accordance with applicable constitutional requirements. The act requires the executive board and BAHFA, in consultation with the advisory committee, to adopt a regional expenditure plan for the use of housing revenue that includes specified information, including a description of any specific project or program proposed to receive funding, as specified. The act requires up to 20% of the revenue received by BAHFA from any of the aforementioned funding mechanisms to be collected by BAHFA for expenditures consistent with the regional expenditure plan adopted, as specified, and to be eligible to be spent in any county in which the funding measure is in effect. This bill would prohibit the regional expenditure plan from rendering projects ineligible for funding based on the presence or absence of any city, county, or city and county land use or housing policies.</p>	Sponsor	Sponsor
AB 645 Friedman	Chaptered 10/13/2023	Assembly Chaptered	<p>Vehicles: speed safety system pilot program. Would authorize, until January 1, 2032, the Cities of Los Angeles, San Jose, Oakland, Glendale, and Long Beach, and the City and County of San Francisco to establish a Speed Safety System Pilot Program if the system meets specified requirements. The bill would require a participating city or city and county to adopt a Speed Safety System Use Policy and a Speed Safety System Impact Report before implementing the program, and would require the participating city or city and county to engage in a public information campaign at least 30 days before implementation of the program, including information relating to when the systems would begin detecting violations and where the systems would be utilized. The bill would require a participating city or city and county to issue warning notices rather than notices of violations for violations detected within the first 60 calendar days of the program. The bill would also require a participating city or city and county to develop uniform guidelines for, among other things, the processing and storage of confidential information. The bill would designate all photographic or administrative records, not including data about the number of violations issued or the speeds at which they were issued for, made by a system as confidential, and would only authorize public agencies to use and allow access to these records for specified purposes.</p>	Support	Support
AB 744 Carrillo, Juan	Chaptered 10/9/2023	Assembly Chaptered	<p>California Transportation Commission: data, modeling, and analytic software tools procurement. Would require the California Transportation Commission to convene relevant state agencies to assess the procurement and implementation of data, modeling, and analytic software tools to support the state's sustainable transportation, congestion management, affordable housing, efficient land use, air quality, economic, and climate change strategies and goals, as provided. On or before July 1, 2025, the bill would require the commission to develop a proposal to procure data, modeling, and analytic software tools and a process to grant access to the data it procures directly, or provide a process for direct allocation of funding to agencies for data procurement, or both of those, as provided.</p>		

<p>AB 799 Rivas, Luz</p>	<p>Amended 6/10/2024</p>	<p>Senate Appropriations</p>	<p>Interagency Council on Homelessness: funding: state programs. Current law requires the Governor to create an Interagency Council on Homelessness, consisting of specified members, and provides specified goals for the council, including to coordinate existing funding and applications for competitive funding. Current law requires the council to create a statewide data system, which is known as the Homeless Data Integration System, that collects local data through the Homeless Management Information System, with a goal of matching data on homelessness to programs impacting homeless recipients of state programs. Current law authorizes the council to collect data from continuums of care. Current law defines state programs as any programs a California state agency or department funds, implements, or administers for the purpose of providing housing or housing-based services to people experiencing homelessness or at risk of homelessness, except as specified. The bill would additionally require the council to include the Governor’s Tribal Advisor. The bill would remove the above-mentioned reference to competitive funding and would instead require the council to coordinate applications for funding. The bill would require council staff to develop and regularly maintain a strategic funding guide and a calendar of new or existing funding opportunities. The bill would require agencies and departments administrating state programs to provide the council updated information on new or existing funding opportunities on a quarterly basis.</p>		
<p>AB 817 Pacheco</p>	<p>Amended 5/29/2024</p>	<p>Senate Dead</p>	<p>Open meetings: teleconferencing: subsidiary body. The Ralph M. Brown Act, requires, with specified exceptions, each legislative body of a local agency to provide notice of the time and place for its regular meetings and an agenda containing a brief general description of each item of business to be transacted. Current law authorizes the legislative body of a local agency to use alternate teleconferencing provisions during a proclaimed state of emergency (emergency provisions) and, until January 1, 2026, in certain circumstances related to the particular member if at least a quorum of its members participate from a singular physical location that is open to the public and situated within the agency’s jurisdiction and other requirements are met (nonemergency provisions). Current law imposes different requirements for notice, agenda, and public participation, as prescribed, when a legislative body is using alternate teleconferencing provisions. The nonemergency provisions impose restrictions on remote participation by a member of the legislative body and require the legislative body to provide specific means by which the public may remotely hear and visually observe the meeting. This bill, until January 1, 2026, would authorize a subsidiary body, as defined, to use similar alternative teleconferencing provisions and would impose requirements for notice, agenda, and public participation, as prescribed. The bill would require at least one staff member of the local agency to be present at a designated primary physical meeting location during the meeting. The bill would require the local agency to post the agenda at the primary physical meeting location. The bill would require the members of the subsidiary body to visibly appear on camera during the open portion of a meeting that is publicly accessible via the internet or other online platform, as specified. The bill would also require the subsidiary body to list a member of the subsidiary body who participates in a teleconference meeting from a remote location in the minutes of the meeting. In order to use teleconferencing pursuant to this act, the bill would require the legislative body that established the subsidiary body by charter, ordinance, resolution, or other formal action to make specified findings by majority vote, before the subsidiary body uses teleconferencing for the first time and every 12 months thereafter.</p>	<p>Support</p>	<p>Support</p>

AB 819 Bryan	Vetoed 10/9/2023	Assembly Vetoed	<p>Crimes: public transportation: fare evasion. Current law makes it a crime, punishable as an infraction and subsequently as a misdemeanor, for an adult to evade payment of a fare of a public transportation system, the misuse of a transfer, pass, ticket, or token with the intent to evade the payment of a fare, or the unauthorized use of a discount ticket, as specified. Under existing law, a 3rd or subsequent violation of fare evasion or other listed associated violations is a misdemeanor and punishable by a fine of up to \$400 or by imprisonment in a county jail for a period of not more than 90 days, or both. This bill would no longer categorize as a misdemeanor a 3rd or subsequent violation, by an adult, of evading the payment of a fare of a public transportation system, the misuse of a transfer, pass, ticket, or token with the intent to evade the payment of a fare, or the unauthorized use of a discount ticket, and would make a 3rd or subsequent violation punishable only by a fine of up to \$400.</p>		
AB 894 Friedman	Chaptered 10/11/2023	Assembly Chaptered	<p>Parking requirements: shared parking. The Planning and Zoning Law requires each county and city to adopt a comprehensive, long-term general plan for its physical development, and the development of certain lands outside its boundaries, that includes, among other mandatory elements, a housing element. Current law also authorizes the legislative body of a city or a county to adopt ordinances establishing requirements for parking. When an entity receiving parking is not using that parking to meet public automobile parking requirements, this bill would require a local agency, as defined, to allow entities with underutilized parking to share their underutilized parking with the public, local agencies, or other entities, if those entities submit a shared parking agreement, as defined, to the local agency, and information identifying the benefits of the proposed shared parking agreement. The bill would require a local agency to allow parking spaces identified in a shared parking agreement to count toward meeting automobile parking requirements for a new or existing development or use, including, but not limited to, shared parking in underutilized spaces and in parking lots and garages that will be constructed as part of the development or developments when specified conditions regarding the distance between the entities that will share the parking are met. The bill would require a local agency to approve the shared parking agreement if it includes, among other things, a parking analysis using peer-reviewed methodologies developed by a professional planning association, as specified. The bill would require a local agency to decide whether to approve or deny the shared parking agreement and determine how many parking spaces can be reasonably shared between uses to fulfill parking requirements if the shared parking agreement does not include this parking analysis. If the local agency is required to decide whether to approve or deny an agreement for specified developments under these provisions, the bill would require the local agency to notify all property owners within 300 feet of the shared parking spaces of the proposed agreement and to hold a public meeting if it receives a request to do so within 14 days of notifying property owners, as provided. The bill would specify that these notification and public meeting requirements would not apply to local agencies that enact an ordinance that provides for shared parking agreements, including ordinances enacted before January 1, 2024.</p>		
AB 902 Rodriguez	Chaptered 7/27/2023	Assembly Chaptered	<p>Ambulances: fee and toll exemptions. Current law requires the owner or operator of a toll facility, upon the request of the local emergency service provider, to enter into an agreement for the use of a toll facility. This bill would clarify that the owner or operator of a toll facility is required to enter into an agreement for the use of a toll facility upon the request of a private or public local emergency service provider.</p>		

AB 932 Ting	Chaptered 9/8/2023	Assembly Chaptered	<p>Accessory dwelling units: Accessory Dwelling Unit Program: reports. Under existing law, the California Housing Finance Agency (CalHFA) administers the Accessory Dwelling Unit Program, for the purpose of assisting homeowners in qualifying for loans to construct accessory dwelling units and junior accessory dwelling units on the homeowners' property and increasing access to capital for homeowners interested in building accessory dwelling units. Existing law requires the CalHFA to convene a working group to develop recommendations for the program, as specified. This bill would require CalHFA to evaluate the program and report CalHFA's findings to the Legislature by January 1, 2025.</p>		
AB 976 Ting	Chaptered 10/11/2023	Assembly Chaptered	<p>Accessory dwelling units: owner-occupancy requirements. Current law requires a local ordinance to require an accessory dwelling unit to be either attached to, or located within, the proposed or existing primary dwelling, as specified, or detached from the proposed or existing primary dwelling and located on the same lot as the proposed or existing primary dwelling. Current law authorizes a local agency to require an accessory dwelling unit to be used for rentals of terms longer than 30 days. This bill, instead, would authorize a local agency to require terms that are 30 days or longer.</p>		
AB 990 Grayson	Amended 1/25/2024	Senate Appropriations Suspense File	<p>Water quality: waste discharge requirements: infill housing projects. Under current law, the State Water Resources Control Board and the 9 California regional water quality control boards regulate water quality and prescribe waste discharge requirements in accordance with the federal National Pollutant Discharge Elimination System (NPDES) permit program established by the federal Clean Water Act and the act. This bill would require the regional water board, defined to mean the regional water board with geographic boundaries for the San Francisco Bay region, to, by July 1, 2025, initiate modifications to its waste discharge requirements, as specified. The bill would require these modifications to be completed within 6 months of initiation. Before finalizing the modifications, the bill would require the regional water board to make specified findings, including, among other things, that concerns regarding the potential impacts of the draft NPDES permit requirements on the development of housing on infill sites have been adequately addressed. The bill would make these provisions inoperative on July 1, 2028, and would repeal them on January 1, 2029.</p>		
AB 1053 Gabriel	Amended 3/30/2023	Senate 2 year	<p>Housing programs: multifamily housing programs: expenditure of loan proceeds. Current law establishes the Department of Housing and Community Development and requires it to administer various programs intended to promote the development of housing, including the Multifamily Housing Program, pursuant to which the department provides financial assistance in the form of deferred payment loans to pay for the eligible costs of development of specified types of housing projects. Current law sets forth various general powers of the department in implementing these programs, including authorizing the department to enter into long-term contracts or agreements of up to 30 years for the purpose of servicing loans or grants or enforcing regulatory agreements or other security documents. This bill would authorize a borrower to use any funds approved, reserved, or allocated by the department for purposes of providing a loan under any multifamily housing program under these provisions for construction financing, permanent financing, or a combination of construction financing and permanent financing, as provided.</p>	Support	Support
AB 1085 Maienschein	Vetoed 10/7/2023	Assembly Vetoed	<p>Medi-Cal: housing support services. Current law, subject to implementation of the California Advancing and Innovating Medi-Cal (CalAIM) initiative, authorizes a Medi-Cal managed care plan to elect to cover community supports approved by the department as cost effective and medically appropriate in a comprehensive risk contract that are in lieu of applicable Medi-Cal state plan services. Under current law, community supports that the department is authorized to approve include, among other things, housing transition navigation services, housing deposits, and housing tenancy and sustaining services. Existing law, subject to an appropriation, requires the department to</p>	Support	Support

			complete an independent analysis to determine whether network adequacy exists to obtain federal approval for a covered Medi-Cal benefit that provides housing support services. Current law requires that the analysis take into consideration specified information, including the number of providers in relation to each region’s or county’s number of people experiencing homelessness. Current law requires the department to report the outcomes of the analysis to the Legislature by January 1, 2024. This bill would delete the requirement for the department to complete that analysis, and instead would make housing support services for specified populations a covered Medi-Cal benefit when the department has begun a specified evaluation required under the CalAIM Waiver Special Terms and Conditions, and the Legislature has made an appropriation for purposes of the housing support services. The bill would require the department to seek federal approval for the housing support services benefit, as specified. Under the bill, subject to an appropriation by the Legislature, a Medi-Cal beneficiary would be eligible for those services if they either experience homelessness or are at risk of homelessness. Under the bill, the services would include housing transition and navigation services, housing deposits, and housing tenancy and sustaining services, as defined.		
AB 1114 Haney	Chaptered 10/11/2023	Assembly Chaptered	Planning and zoning: housing development projects: postentitlement phase permits. Current law relating to housing development approval requires a local agency to compile a list of information needed to approve or deny a postentitlement phase permit, to post an example of a complete, approved application and an example of a complete set of post entitlement phase permits for at least 5 types of housing development projects in the jurisdiction, as specified, and to make those items available to all applicants for these permits no later than January 1, 2024. Current law defines “post entitlement phase permit” to include all nondiscretionary permits and reviews filed after the entitlement process has been completed that are required or issued by the local agency to begin construction of a development that is intended to be at least 2/3 residential, excluding discretionary and ministerial planning permits, entitlements, and certain other permits and reviews. These permits include, but are not limited to, building permits and all interdepartmental review required for the issuance of a building permit, permits for minor or standard off-site improvements, permits for demolition, and permits for minor or standard excavation and grading. This bill would modify the definition of “post entitlement phase permit” to also include all building permits and other permits issued under the California Building Standards Code or any applicable local building code for the construction, demolition, or alteration of buildings, whether discretionary or nondiscretionary.		
AB 1287 Alvarez	Chaptered 10/11/2023	Assembly Chaptered	Density Bonus Law: maximum allowable residential density: additional density bonus and incentives or concessions. Current law defines the term “density bonus” for specified purposes to mean a density increase over the otherwise maximum allowable gross residential density as of the date of the application, as described. Current law defines the term “maximum allowable residential density” for these purposes to mean the maximum number of units allowed under the zoning ordinance, specific plan, or land use element of the general plan, or, if a range of density is permitted, the maximum number of units allowed by the specific zoning range, specific plan, or land use element of the general plan applicable to the project. Current law provides under that definition that if the density allowed under the zoning ordinance is inconsistent with the density allowed under the land use element of the general plan or specific plan, the greater density prevails. This bill would instead define “maximum allowable residential density” to mean the greatest number of units allowed under the zoning ordinance, specific plan, or land use element of the general plan, or, if a range of density is permitted, the greatest number of units allowed by the specific zoning range, specific plan, or land use element of the general plan applicable to the project. The bill would also remove from that definition the provision stating that the greater density prevails if the density allowed under the zoning		

			ordinance is inconsistent with the density allowed under the land use element of the general plan or specific plan. This bill would require a city, county, or city and county to grant an additional density bonus, calculated as specified, when (1) an applicant proposes to construct a housing development that conforms to specified requirements, (2) the applicant agrees to include additional rental or for-sale units affordable to very low income households or moderate-income households, as specified, and (3) the housing development conforms to specified requirements and provides 24% of the total units to lower income households, conforms to specified requirements and provides 15% of the total units to very low income households, or conforms to specified requirements and provides 44% of the total units to moderate-income units. The bill would require a city, county, or city and county to grant four incentives or concessions for a project that includes at least 16% of the units for very low income households or at least 45% for persons and families of moderate income in a development in which the units are for sale. The bill would increase the incentives or concessions for a project in which 100% of all units are for lower income households, as specified, from 4 to 5.		
AB 1308 Quirk-Silva	Chaptered 10/11/2023	Assembly Chaptered	Planning and Zoning Law: single-family residences: parking requirements. The Planning and Zoning Law authorizes the legislative body of any county or city to adopt ordinances that regulate the use of buildings, structures, and land as between industry, business, residences, open space, and other purposes. This bill would prohibit a public agency, as defined, from increasing the minimum parking requirement that applies to a single-family residence as a condition of approval of a project to remodel, renovate, or add to a single-family residence, except as specified. By imposing additional duties on local officials, the bill would impose a state-mandated local program.		
AB 1317 Carrillo, Wendy	Chaptered 10/11/2023	Assembly Chaptered	Unbundled parking. Existing law prohibits an owner of residential real property from, over the course of any 12-month period, increasing the gross rental rate for a dwelling or a unit more than 5% plus the percentage change in the cost of living, or 10%, whichever is lower, of the lowest gross rental rate charged for that dwelling or unit at any time during the 12 months before the effective date of the increase, as prescribed. This bill would require the owner of qualifying residential property, as defined, that provides parking with the qualifying residential property to unbundle parking from the price of rent, as specified. The bill would define “unbundled parking” as the practice of selling or leasing parking spaces separate from the lease of the residential use. The bill would define “qualifying residential property” as any dwelling or unit that is intended for human habitation that (1) is issued a certificate of occupancy on or after January 1, 2025, (2) consists of 16 or more residential units, and (3) is located within the County of Alameda, Fresno, Los Angeles, Riverside, Sacramento, San Bernardino, San Joaquin, Santa Clara, Shasta, or Ventura. The bill would provide a tenant of a qualifying residential property with a right of first refusal to parking spaces built for their unit, as specified. The bill would prohibit a tenant’s failure to pay the parking fee of a separately leased parking agreement from forming the basis of any unlawful detainer action against the tenant. The bill would authorize a property owner, if a tenant fails to pay by the 45th day following the date payment is owed for a separately leased parking space, to revoke that tenant’s right to lease that parking spot. The bill would exempt certain properties from these provisions, including residential properties with individual garages that are functionally a part of the property and housing developments where 100% of the units, exclusive of any manager’s unit or units, are restricted as affordable housing for persons and families of low or moderate income. This bill contains other related provisions.		

AB 1319 Wicks	Chaptered 10/11/2023	Assembly Chaptered	<p>Bay Area Housing Finance Authority: housing revenue. Current law requires the Bay Area Housing Finance Authority and executive board of the Association of Bay Area Governments to form an advisory committee composed of 9 representatives with knowledge and experience in the areas of affordable housing finance and development, tenant protection, and housing preservation. This bill would require the authority and executive board to form an advisory committee composed of at least 9 and no more than 11 representatives with knowledge and expertise in the areas of affordable housing finance, construction workforce, and development, tenant protection, and housing preservation.</p>	Sponsor	Sponsor
AB 1333 Ward	Amended 6/10/2024	Senate Dead	<p>Single-family dwelling units: bundled sales. Current law regulates the transfer of property. Current law generally permits any kind of property to be transferred, subject to specified exceptions. This bill would prohibit a homebuilder of a new single-family dwelling unit, as defined, from conducting a bundled sale of 2 or more parcels of real property containing one to 4 single-family dwelling units, inclusive, under a single assessor’s parcel number, in a single transaction to an institutional investor, as defined, if the certificate of occupancy was issued for a single-family dwelling unit within the bundled sale and the contract of sale was entered into on or after January 1, 2025. The bill would exempt a homebuilder from this prohibition if the homebuilder obtains an affidavit signed under penalty of perjury from the buyer that the buyer is not an institutional investor, among other things.</p>		
AB 1335 Zbur	Amended 6/22/2023	Senate 2 year	<p>Local government: transportation planning and land use: sustainable communities strategy. Current law requires specified designated transportation planning agencies to prepare and adopt a regional transportation plan directed at achieving a coordinated and balanced regional transportation system, as described. Current law requires the plan to include specified information, including a sustainable communities strategy prepared by each metropolitan planning organization, and requires each transportation planning agency to adopt and submit, every 4 years, an updated plan to the California Transportation Commission and the Department of Transportation. Current law requires the sustainable communities strategy to include specified information, including an identification of areas within the region sufficient to house all the population of the region over the course of the planning period of the regional transportation plan, as specified, and an identification of areas within the region sufficient to house an 8-year projection of the regional housing need for the region, as specified. This bill would additionally require each metropolitan planning organization to include in the sustainable communities strategy the total number of new housing units necessary to house all the population of the region over the course of the planning period of the regional transportation plan, as specified, and the total number of new housing units necessary to house the above-described 8-year projection, as specified.</p>	Oppose	Oppose
AB 1377 Friedman	Chaptered 10/10/2023	Assembly Chaptered	<p>Homeless Housing, Assistance, and Prevention Program. Current law establishes the Homeless Housing, Assistance, and Prevention program for the purpose of providing jurisdictions with one-time grant funds to support regional coordination and expand or develop local capacity to address their immediate homelessness challenges informed by a best-practices framework focused on moving homeless individuals and families into permanent housing and supporting the efforts of those individuals and families to maintain their permanent housing. Current law provides for the allocation of funding under the program among continuums of care, cities, counties, and tribes in 4 rounds, which are to be administered by the Interagency Council on Homelessness. This bill would require applications or planning materials for additional state funding appropriated on or after July 1, 2024, as specified, to include data and a narrative summary of specific and quantifiable steps that the applicant has taken to improve the delivery of housing and services to people experiencing homelessness or at risk of homelessness on transit facilities owned and operated by a transit agency, as defined.</p>	Support	

AB 1385 Garcia	Chaptered 10/9/2023	Assembly Chaptered	<p>Riverside County Transportation Commission: transaction and use tax. Current law authorizes the Riverside County Transportation Commission to impose a transactions and use tax for transportation purposes subject to approval of the voters, which, pursuant to the California Constitution, requires approval of 2/3 of the voters. Current law limits the commission to a 1% maximum tax rate, and requires the commission’s tax or taxes to be levied at a rate divisible by 1/4%, unless a different rate is specifically authorized by statute. This bill would raise the maximum tax rate the commission may impose from 1% to 1.5%.This bill would make legislative findings and declarations as to the necessity of a special statute for the County of Riverside.</p>		
AB 1386 Gabriel	Chaptered 10/11/2023	Assembly Chaptered	<p>Veterans housing: tenant referrals. The Veterans Housing and Homeless Prevention Act of 2014 requires the California Housing Finance Agency, the Department of Housing and Community Development, and the Department of Veterans Affairs (referred to collectively as “the departments”) to establish and implement programs that focus on veterans at risk for homelessness or experiencing temporary or chronic homelessness, as specified. In this regard, current law requires the departments to establish and implement programs that, among other things, ensure projects combine housing and supportive services. Current law requires the departments to ensure at least 50% of funds awarded for capital development are used to provide housing to veterans with extremely low incomes, and requires that at least 60% of units funded targeting extremely low income households are supportive housing. This bill would authorize an entity tasked with making referrals of units targeted to extremely low income households to submit a petition to the departments requesting authority to lease the qualified unit to a secondary tenant, as defined, if a qualified entity is unable to locate, match, or otherwise place a qualified tenant in a qualified unit with 60 days of the unit becoming available. The bill would require a qualified unit that is leased to a secondary tenant to be redesignated to an area median income level commensurate with the income level of the secondary tenant and would require the secondary tenant to pay rent commensurate with their household income’s percentage of the area medium income. The bill would, 12 months after a petition is approved, require the next available comparable unit to be rented to a qualified tenant at 30% of the median income.</p>		
AB 1418 McKinnor	Chaptered 10/8/2023	Assembly Chaptered	<p>Tenancy: local regulations: contact with law enforcement or criminal convictions. Would prohibit a local government from, among other things, imposing a penalty against a resident, owner, tenant, landlord, or other person as a consequence of contact with a law enforcement agency, as specified. The bill similarly would prohibit a local government from requiring or encouraging a landlord to evict or penalize a tenant because of the tenant’s association with another tenant or household member who has had contact with a law enforcement agency or has a criminal conviction or to perform a criminal background check of a tenant or a prospective tenant. The bill would preempt inconsistent local ordinances, rules, policies, programs, or regulations and prescribe remedies for violations.</p>		
AB 1449 Alvarez	Chaptered 10/11/2023	Assembly Chaptered	<p>Affordable housing: California Environmental Quality Act: exemption. Would, until January 1, 2033, exempt from the California Environmental Quality Act (CEQA) certain actions taken by a public agency related to affordable housing projects, as defined, if certain requirements are met. The bill would require the lead agency, if the lead agency determines an action related to an affordable housing project is exempt from CEQA under this provision and approves or carries out the project, to file a notice of exemption with the Office of Planning and Research and the county clerk of each county in which the project is located. By increasing the duties of a lead agency, this bill would impose a state-mandated local program.</p>		

AB 1464 Connolly	Amended 3/23/2023	Assembly Dead	<p>Richmond-San Rafael Bridge. Existing law establishes state-owned toll bridges in the San Francisco Bay area, including the Richmond-San Rafael Bridge. Under existing law, the Bay Area Toll Authority is responsible for the administration of the toll revenues from the state-owned toll bridges in the San Francisco Bay area. Existing law requires the Department of Transportation to collect tolls, operate, maintain, and provide rehabilitation of the state-owned toll bridges in the San Francisco Bay area and to be responsible for the design and construction of improvements on those bridges in accordance with programming and scheduling requirements adopted by the Bay Area Toll Authority. This bill would require the department and the authority, if they develop a project to open the 3rd lane on the westbound level of the Richmond-San Rafael Bridge to motor vehicle traffic, to consider operating the Richmond-San Rafael Bridge in a specified manner.</p>		
AB 1485 Haney	Chaptered 10/11/2023	Assembly Chaptered	<p>Housing element: enforcement: Attorney General. The Planning and Zoning Law requires each county and city to adopt a comprehensive, long-term general plan for the physical development of the county or city and requires that general plan to include, among other mandatory elements, a housing element. Existing law authorizes the Department of Housing and Community Development to notify the office of the Attorney General, that a city, county, or city and county is in violation of state law if the department finds that the housing element or an amendment to the housing element does not substantially comply with specified provisions of the Planning and Zoning Law, or that the local government has taken action or failed to act in violation of specified provisions of law relating to housing, including, among others, the Housing Accountability Act, the Density Bonus Law, and the Housing Crisis Act of 2019. This bill would permit both the department and the office of the Attorney General to intervene as a matter of unconditional right in any legal action addressing a violation of the specified housing laws described above, including, among others, the Housing Accountability Act, the Density Bonus Law, and the Housing Crisis Act of 2019. This bill contains other existing laws.</p>		
AB 1490 Lee	Chaptered 10/11/2023	Assembly Chaptered	<p>Affordable housing development projects: adaptive reuse. Under this bill, a housing development that is, among other requirements, an extremely affordable adaptive reuse project on an infill parcel that is not located on or adjoined to a site where more than 1/3 of the square footage on the site is dedicated to industrial use, as specified, would be an allowable use. The bill would authorize a local agency to impose objective design review standards, except as specified. The bill would authorize a local agency to deny the project if it is proposed to be located on a site or adjoined to any site where any of the square footage on the site is dedicated to industrial use and the local agency makes written findings that approving the development would have an adverse effect on public health and safety. The bill would provide that for purposes of the Housing Accountability Act, a proposed housing development project is consistent, compliant, and in conformity with an applicable plan, program, policy, ordinance, standard, requirement, or other similar provision if the housing development project is consistent with the standards specified in these provisions. The bill would require a local agency to determine whether the proposed development meets those standards within specified timeframes. The bill would define an “extremely affordable adaptive reuse project” for these purposes to mean a multifamily housing development project that involves retrofitting and repurposing of a residential or commercial building that currently allows temporary dwelling or occupancy, and that meets specified affordability requirements, including that 100% of the units be dedicated to lower income households, 50% of which shall be dedicated to very low income households, as specified. Because the bill would require local officials to provide a higher level of service, the bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.</p>		

AB 1508 Ramos	Chaptered 10/11/2023	Assembly Chaptered	<p>Department of Housing and Community Development: California Statewide Housing Plan. Current law establishes the California Statewide Housing Plan to serve as a state housing plan for all relevant purposes. Current law requires that the plan incorporate, among other things, a statement of housing goals, policies, and objectives, and requires the Department of Housing and Community Development (department) to update and provide a revision of the plan to the Legislature every 4 years, as specified. Current law requires each update and revision to the plan occurring on or after January 1, 2023, to include an inventory of the number of affordable units needed to meet the state’s affordable housing needs for the plan period and to incorporate technical updates and provide technical recommendations, as specified. This bill would require each update and revision to the plan to also include (1) an analysis of first-time home buyer assistance policies, goals, and objectives; (2) recommendations for actions that will contribute to increasing homeownership opportunities for first-time home buyers in California; and (3) an evaluation and summary of demographic disparities in homeownership attainment in California, as specified.</p>		
AB 1525 Bonta	Amended 4/19/2023	Assembly Dead	<p>Transportation projects: priority populations. Would require the agency, the Department of Transportation, and the California Transportation Commission, on or before July 1, 2025, to jointly develop and adopt criteria and an evaluation process for purposes of jointly evaluating each agency, Department of Transportation, or California Transportation Commission project, as defined, to, among other things, determine if the project would be located in a priority population, address an important need of a priority population, and provide a direct, meaningful, and assured benefit to a priority population, as specified. The bill would require the agency, the Department of Transportation, and the California Transportation Commission, on and after July 1, 2025, to jointly evaluate all new proposed projects by the criteria, and, on or before July 1, 2026, and annually thereafter, to jointly submit a report to the Legislature that evaluates how projects funded during the prior year impacted priority populations, as specified.</p>		
AB 1567 Garcia	Amended 5/26/2023	Senate Natural Resources and Water	<p>Safe Drinking Water, Wildfire Prevention, Drought Preparation, Flood Protection, Extreme Heat Mitigation, Clean Energy, and Workforce Development Bond Act of 2024. Would enact the Safe Drinking Water, Wildfire Prevention, Drought Preparation, Flood Protection, Extreme Heat Mitigation, Clean Energy, and Workforce Development Bond Act of 2024, which, if approved by the voters, would authorize the issuance of bonds in the amount of \$15,995,000,000 pursuant to the State General Obligation Bond Law to finance projects for safe drinking water, wildfire prevention, drought preparation, flood protection, extreme heat mitigation, clean energy, and workforce development programs.</p>		
AB 1633 Ting	Chaptered 10/11/2023	Assembly Chaptered	<p>Housing Accountability Act: disapprovals: California Environmental Quality Act. Existing law, the Housing Accountability Act, prohibits a local agency from disapproving a housing development project, as described, unless it makes certain written findings based on a preponderance of the evidence in the record. The act defines “disapprove the housing development project” as including any instance in which a local agency either votes and disapproves a proposed housing development project application, including any required land use approvals or entitlements necessary for the issuance of a building permit, or fails to comply with specified time periods. Existing law, the California Environmental Quality Act (CEQA), requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of, an environmental impact report on a project that the lead agency proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if the lead agency finds that the project will not have that effect. This bill, until January 1, 2031, would define “disapprove the housing development project” as also including any instance in which a local agency fails to make a determination of</p>		

			whether the project is exempt from CEQA or commits an abuse of discretion, as specified, or fails to adopt a negative declaration or addendum for the project, to certify an environmental impact report for the project, or to approve another comparable environmental document, if certain conditions are satisfied. Among other conditions, the bill would require a housing development project subject to these provisions to be located on a legal parcel or parcels within an urbanized area and to meet one or more of specified criteria, and to meet or exceed 15 dwelling units per acre. By imposing additional duties on local officials, the bill would create a state-mandated local program. This bill contains other related provisions and other existing laws.		
AB 1657 Wicks	Amended 3/4/2024	Senate Appropriations	The Affordable Housing Bond Act of 2024. Current law authorizes the issuance of bonds in specified amounts pursuant to the State General Obligation Bond Law and requires that proceeds from the sale of these bonds be used to finance various existing housing programs, capital outlay related to infill development, brownfield cleanup that promotes infill development, and housing-related parks. This bill would enact the Affordable Housing Bond Act of 2024, which, if adopted, would authorize the issuance of bonds in the amount of \$10,000,000,000 pursuant to the State General Obligation Bond Law. Proceeds from the sale of these bonds would be used to finance programs to fund affordable rental housing and homeownership programs, including, among others, the Multifamily Housing Program, the CalHome Program, and the Joe Serna, Jr. Farmworker Housing Grant Program. This bill would provide for submission of the bond act to the voters at the March 5, 2024, statewide general election in accordance with specified law.	Support	Support
AB 1735 Low	Chaptered 7/13/2023	Assembly Chaptered	Transit districts: prohibition orders. Current law authorizes the Sacramento Regional Transit District, the Los Angeles County Metropolitan Transportation Authority, the Fresno Area Express, and the San Francisco Bay Area Rapid Transit District to issue a prohibition order to any person cited for committing one or more of certain prohibited acts in specified transit facilities. Current law prohibits a person subject to the prohibition order from entering the property, facilities, or vehicles of the transit district for specified periods of time. Current law establishes notice requirements in that regard and provides for initial and administrative review of the order. This bill would provide that the Santa Clara Valley Transportation Authority is a transit district for purposes of these provisions regarding prohibition orders.		
AB 1777 Ting	Amended 7/1/2024	Senate Appropriations	Autonomous vehicles. Current law authorizes the operation of an autonomous vehicle on public roads for testing purposes by a driver who possesses the proper class of license for the type of vehicle operated if specified requirements are satisfied. Current law prohibits the operation of an autonomous vehicle on public roads until the manufacturer submits an application to the Department of Motor Vehicles, as specified, and that application is approved. Current law requires the department to adopt regulations setting forth requirements for the submission and approval of an application, including, among other things, any testing, equipment, and performance standards the department concludes are necessary to ensure the safe operation of autonomous vehicles on public roads, as specified. This bill would require, if an autonomous vehicle does not have a person in the driver's seat and commits a violation of the Vehicle Code, or has a person in the driver's seat but commits the violation while the autonomous technology is engaged, the manufacturer to be cited for the violation. If an autonomous vehicle has a person in the driver's seat and commits a violation of the Vehicle Code while the autonomous technology is not engaged, the bill would require the driver to be cited for the violation.		

AB 1778 Connolly	Amended 5/30/2024	Senate Third Reading	<p>Vehicles: electric bicycles. Would establish the Marin Electric Bicycle Safety Pilot Program that would, until January 1, 2029, authorize a local authority within the County of Marin, or the County of Marin in unincorporated areas, to adopt an ordinance or resolution that would prohibit a person under 16 years of age from operating a class 2 electric bicycle or require a person operating a class 2 electric bicycle to wear a bicycle helmet, as specified. The bill would require an ordinance or resolution that is adopted for this purpose to make a violation punishable by warning notices for the first 60 days after the prohibition comes into effect. After the 60-day period, the bill would require a violation to be an infraction punishable by a fine of \$25. The bill would prohibit a record of the action from being transmitted to the court and a fee from being imposed if the person who violates the ordinance or resolution delivers proof to the issuing agency within 120 days after the citation was issued that the person has completed specified requirements. The bill would, if an ordinance or resolution is adopted, require the county to, by January 1, 2028, submit a report to the Legislature that includes, among other things, the total number of traffic stops initiated for violations, the results of the traffic stops, and the actions taken by peace officers during the traffic stops, as specified. The bill would require the local authority or county to administer a public information campaign for at least 30 calendar days prior to the enactment of the ordinance or resolution, as specified.</p>		
AB 1837 Papan	Amended 3/21/2024	Senate Dead	<p>San Francisco Bay area: public transit: Regional Network Management Council. Current law creates the Metropolitan Transportation Commission as a local area planning agency for the 9-county San Francisco Bay area with comprehensive regional transportation planning and other related responsibilities. Current law creates various transit districts located in the San Francisco Bay area, with specified powers and duties relating to providing public transit services. Current law requires the commission to adopt rules and regulations to promote the coordination of fares and schedules for all public transit systems within its jurisdiction, as specified. This bill would create the Regional Network Management Council as an 11-member council to represent the interests of its stakeholders, to provide leadership and critical input on regional transit policies, and to provide executive guidance on regional transit policies and actionable implementation plans in pursuit of transformative improvements in the customer experience San Francisco Bay area transit. The bill would require the commission to facilitate the creation of the council.</p>		
AB 1868 Friedman	Amended 6/13/2024	Senate Appropriations Suspense File	<p>Property taxation: assessments: affordable housing. Current law requires the county assessor to consider, when valuing real property for property taxation purposes, the effect of any enforceable restrictions to which the use of the land may be subjected. Under current law, these restrictions include, among other enumerated items, a recorded contract with a nonprofit corporation that meets prescribed requirements, including requirements that the nonprofit corporation has received a welfare exemption for properties intended to be sold to low-income families who participate in a special no-interest loan program, and that the contract includes a deed of trust on the property in favor of the nonprofit corporation to ensure compliance with the terms of the program, as described. This bill would, for purposes of valuing property by the county assessor, establish a rebuttable presumption that, at the time of purchase, an assessor shall not include the value of the above-described deed of trust.</p>		

AB 1882 Villapudua	Amended 4/11/2024	Assembly Dead	<p>Disabled veterans. Current law defines “disabled veteran” for purposes of the Vehicle Code as, among other things, a person who, as a result of injury or disease suffered while on active service with the Armed Forces of the United States, has a disability that has been rated at 100% by the Department of Veterans Affairs. Current law also defines a “disabled veteran” as a veteran who is unable to move without the aid of an assistant device. This bill would instead define a disabled veteran as a veteran who cannot walk without the use of an assistant device. The bill would expand the definition of “disabled veteran”.</p>		
AB 1886 Alvarez	Amended 7/1/2024	Senate Appropriations	<p>Housing Element Law: substantial compliance: Housing Accountability Act. The Planning and Zoning Law requires a city or county to adopt a general plan for land use development within its boundaries that includes, among other things, a housing element. The Housing Element Law prescribes requirements for a city’s or county’s preparation of, and compliance with, its housing element, and requires the Department of Housing and Community Development to review and determine whether the housing element substantially complies with the Housing Element Law, as specified. If the department finds that a draft housing element or amendment does not substantially comply with the Housing Element Law, current law requires the legislative body of the city or county to either (A) change the draft element or amendment to substantially comply with the Housing Element Law or (B) adopt the draft housing element or amendment without changes and make specified findings as to why the draft element or amendment substantially complies with the Housing Element Law despite the findings of the department. Current law requires a planning agency to promptly submit an adopted housing element or amendment to the department and requires the department to review the adopted housing element or amendment and report its findings to the planning agency within 60 days. This bill would require a planning agency that makes the above-described findings as to why a draft housing element or amendment substantially complies with the Housing Element Law despite the findings of the department to submit those findings to the department. The bill would require the department to review those finding in its review of an adopted housing element or amendment. The bill would create a rebuttable presumption of validity for the department’s findings as to whether the adopted element or amendment substantially complies with the Housing Element Law.</p>		
AB 1893 Wicks	Amended 6/26/2024	Senate Appropriations	<p>Housing Accountability Act: housing disapprovals: required local findings. The Housing Element Law prescribes requirements for a city’s or county’s preparation of, and compliance with, its housing element, and requires the Department of Housing and Community Development to review and determine whether the housing element substantially complies with the Housing Element Law, as specified. The Housing Accountability Act, among other things, prohibits a local agency from disapproving, or conditioning approval in a manner that renders infeasible, a housing development project for very low, low-, or moderate-income households unless the local agency makes written findings as to one of certain sets of conditions, as specified. Among these conditions, the act allows a local agency to disapprove a housing development project that is inconsistent with the jurisdiction’s zoning ordinances and general plan land use designation as it existed on the date the application was deemed complete, if the jurisdiction has adopted a revised housing element that is in substantial compliance with the Housing Element Law, as specified. This bill would make various changes to that condition. The bill would specify that a local agency may disapprove or condition approval of a housing development project or emergency shelter, as described above, if the local agency makes written findings that on the date the application for the housing development project or emergency</p>		

			shelter was deemed complete the jurisdiction did not have an adopted revised housing element that was in substantial compliance with the Housing Element Law and the housing development project is not a builder's remedy project, as defined.		
AB 1904 Ward	Introduced 1/23/2024	Senate Third Reading	Transit buses: yield right-of-way sign. Current law authorizes a transit bus in the Santa Cruz Metropolitan Transit District and the Santa Clara Valley Transportation Authority to be equipped with a yield right-of-way sign on the left rear of the bus if the applicable entity approves a resolution requesting that this section be made applicable to it. Current law requires the sign to be designed to warn a person operating a motor vehicle approaching the rear of the bus that the bus is entering traffic and be illuminated by a red flashing light when the bus is signaling in preparation for entering a traffic lane after having stopped to receive or discharge passengers. This bill would expand the authorization to equip transit buses, as described above, to apply to any transit agency if the transit agency approves a resolution that this authorization be made applicable to it.		
AB 1932 Ward	Amended 4/3/2024	Assembly Appropriations Suspense File	Personal income tax: mortgage interest deduction. The Personal Income Tax Law allows various deductions in computing the income that is subject to the taxes imposed by that law, including, in modified conformity with federal income tax laws, a deduction for a limited amount of interest paid on acquisition indebtedness, as defined, with respect to a qualified residence of the taxpayer. Current law limits the aggregate amount treated as acquisition indebtedness for these purposes to \$1,000,000, or \$500,000 in the case of a married individual filing a separate return. Current law specifies for these purposes that a qualified residence includes the taxpayer's principal residence and one other residence selected by the taxpayer, as provided. This bill, for taxable years beginning on or after January 1, 2025, would disallow the deduction of acquisition indebtedness with respect to a qualified residence of a taxpayer other than the principal residence. This bill would require the Franchise Tax Board, in consultation with the Department of Finance, to estimate the amount of additional revenue resulting from the above-described modifications made with respect to the calculation of taxable income under the Personal Income Tax Law by this bill and to notify the Controller of that amount, as provided.		
AB 1958 Berman	Amended 6/17/2024	Senate Dead	Santa Clara Valley Transportation Authority: board of directors. Current law creates the Santa Clara Valley Transportation Authority (VTA) with various powers and duties relative to transportation projects and services and the operation of public transit in the County of Santa Clara. Current law vests the government of the VTA in a 12-member board of directors, appointed by the County of Santa Clara and the cities within the county, as specified. Current law requires, to the extent possible, the county and cities to appoint individuals to the board of directors who have expertise, experience, or knowledge relative to transportation issues. Existing law establishes a term length of 2 years for a member of the board of directors. This bill would require, to the extent possible, the county and cities to appoint individuals to the board of directors who have expertise, experience, or knowledge relative to transit or transportation issues.		
AB 2023 Quirk-Silva	Amended 6/26/2024	Senate Appropriations	Housing element: inventory of land: rebuttable presumptions. The Housing Element Law prescribes requirements for a city's or county's preparation of, and compliance with, its housing element, and requires the Department of Housing and Community Development to review and determine whether the housing element substantially complies with the Housing Element Law, as specified. Current law requires the housing element to include an inventory of land suitable and available for residential development. If that inventory of sites does not identify adequate sites to accommodate the need for groups of all household income levels, as provided, current law requires that the local government rezone sites within 3 years after the date the housing element is adopted or within one year if the local government fails to adopt a housing element that the department finds to be in substantial compliance with the Housing Element Law within 120 days of the statutory deadline		

			to adopt the housing element. This bill, for the 7th and each subsequent revision of the housing element, would require a local government to complete the rezoning of sites within one year of the statutory deadline for the adoption of the housing element or the earlier of 3 years after the date the housing element is adopted or 90 days after receipt of comments from the department, as specified, if the local government satisfies certain requirements, including submitting a draft element or draft amendment to the department for review within specified timeframes and adopting a draft element or draft amendment that the department finds to be insubstantial compliance with the Housing Element Law, as specified.		
AB 2061 Wilson	Amended 5/1/2024	Senate Appropriations	Sales and Use Tax: exemptions: zero-emission public transportation ferries. Current sales and use tax laws impose a tax on retailers measured by the gross receipts from the sale of tangible personal property sold at retail in this state, or on the storage, use, or other consumption in this state of tangible personal property purchased from a retailer for storage, use, or other consumption in this state. This bill, beginning January 1, 2025, and until January 1, 2030, would exempt from those taxes the gross receipts from the sale in this state of, and the storage, use, or other consumption in this state of, zero-emission public transportation ferries, as defined, sold to a public agency, as specified.		
AB 2086 Schiavo	Amended 4/15/2024	Senate Appropriations	Transportation funding: California Transportation Plan: public dashboard. Current law requires the Department of Transportation to prepare the California Transportation Plan for submission to the Governor and the Legislature as a long-range planning document that incorporates various elements and is consistent with specified expressions of legislative intent. Current law requires the department to complete the 3rd update to the plan by December 31, 2025, and to update the plan every 5 years thereafter. This bill would require the California Transportation Plan to also include a financial element that summarizes the full cost of plan implementation, a summary of available revenues through the planning period, and an analysis of what is feasible within the plan if constrained by a realistic projection of available revenues, as specified.		
AB 2158 Flora	Introduced 2/6/2024	Assembly Dead	Vehicles: disabled veterans. Current law authorizes the Department of Motor Vehicles to issue a distinguishing placard to a qualified disabled veteran or person with a disability, upon application, to be displayed upon a parked vehicle for the purposes of identifying eligibility for certain parking privileges. For purposes of the department issuing special license plates and distinguishing placards, this bill would authorize the department to issue a special license plate or distinguishing placard to a veteran who has a post-traumatic stress disorder diagnosis that is connected to their military service, as specified.		
AB 2187 Bryan	Amended 3/21/2024	Assembly Dead	Office of Tenants' Rights and Protections. Current law provides that there is in state government, in the Business, Consumer Services, and Housing Agency, the Civil Rights Department under the direction of an executive officer known as the Director of Civil Rights, who is appointed by the Governor. Among other responsibilities, the department is required to issue publications that in its judgment will tend to promote goodwill and minimize or eliminate discrimination in housing, as specified. This bill would, upon appropriation by the Legislature, establish the Office of Tenants' Rights and Protections in the Business, Consumer Services, and Housing Agency, administered by a director appointed by the Governor, and would require that office to create and maintain an up-to-date, digestible, and language-inclusive list of statewide tenants' rights and protections.		
AB 2230 Bennett	Introduced 2/8/2024	Assembly Dead	Residential Housing Unfair Practices Act of 2023. The Cartwright Act makes every trust unlawful, against public policy, and void, subject to specified exemptions. A "trust" is defined for these purposes as a combination of capital, skill, or acts by 2 or more persons for certain designated purposes. A violation of the act is punishable as a crime. This bill would expand the definition of "trust" under the act to specifically include the capital, skill, or acts of all affiliated persons, as		

			defined. For purposes of the act, the bill would define an “affiliated person” to include, among others, a natural person related within the 3rd degree of consanguinity or affinity to any other person, together with other specified persons with certain ownership interests. The bill would expand the purposes for a trust under the act to include creating or carrying out restrictions in residential housing, preventing or limiting competition in development or redevelopment, construction, leasing, rental, or purchase of residential housing, among other specified acts.		
AB 2240 Arambula	Amended 7/2/2024	Senate Appropriations	Farm labor centers: migratory agricultural workers. The Farm Labor Center Law authorizes a housing authority to acquire, own, operate, construct, reconstruct, repair, replace, maintain, and dispose of a farm labor center, as defined, due to the need to assemble, domicile, and house persons and families engaged in agricultural work. Current law also authorizes a housing authority to arrange and contract for the furnishing of services, privileges, works, or facilities for or in connection with its farm labor center, as specified. Current law prohibits a housing authority that operates a farm labor center from limiting an agricultural worker’s housing unit occupancy period to less than 270 days if the Director of Agriculture certifies that there are seasonal crops that would keep those workers in the immediate area for that period of time. Current law requires the Department of Housing and Community Development, through its Office of Migrant Services, to assist in the development, construction, reconstruction, rehabilitation, or operation of migrant farm labor centers, as provided. Current law authorizes the Director of Housing and Community Development to contract with specified local public and private entities, including school districts and housing authorities, for the procurement or construction of housing or shelter and to obtain specified services, including education, for migratory agricultural workers. Current law authorizes a migrant farm labor center subject to these contracts to be operated for an extended period prior to or beyond the standard 180-day period, but not to exceed 275 days in any calendar year, if certain conditions are satisfied. This bill instead would require all housing units at farm labor centers operated by a housing authority to be made available year round for occupancy by migratory agricultural workers by January 1, 2031, and would require migrant farm labor centers subject to the above-described contracts with the department to be operated year round by January 1, 2031. In this regard, the bill would require the department to develop and implement a 6-year transition plan based on reports that the bill would require migrant farm labor centers to send to the department by July 1, 2025.		
AB 2243 Wicks	Amended 7/3/2024	Senate Appropriations	Affordable Housing and High Road Jobs Act of 2022: objective standards and affordability and site criteria. The Affordable Housing and High Road Jobs Act of 2022, until January 1, 2033, authorizes a development proponent to submit an application for an affordable housing development or a mixed-income housing development that meets specified objective standards and affordability and site criteria, including being located within a zone where office, retail, or parking are a principally permitted use. The act makes a development that meets those objective standards and affordability and site criteria a use by right and subject to one of 2 streamlined, ministerial review processes depending on, among other things, the affordability requirements applicable to the project. This bill would make various changes to the objective standards and affordability and site criteria applicable to an affordable housing development or mixed-income housing development subject to the streamlined, ministerial review process under the act.		
AB 2290 Friedman	Amended 6/13/2024	Senate Appropriations Suspense File	Transportation: Class III bikeways: bicycle facilities: Bikeway Quick-Build Project Pilot Program. Existing law establishes the Active Transportation Program in the Department of Transportation for the purpose of encouraging increased use of active modes of transportation, such as biking and walking, with specified available funds to be allocated to eligible projects by the California Transportation Commission and regional transportation agencies through the adoption of a		

			program of projects. Existing law requires the commission to develop guidelines regarding, among other topics, project eligibility and project selection for the program of projects, as provided. This bill would prohibit, on and after January 1, 2026, the commission from adding a project that creates a Class III bikeway or adds a specific road marking used to inform road users that bicyclists might occupy the travel lane to the program of projects, unless the bikeway or road marking is on a highway with a design speed limit of 25 miles per hour or less or the project will implement improvements to reduce the design speed limit to 25 miles per hour or less.		
AB 2314 Lee	Amended 4/4/2024	Assembly Dead	Tribal housing developments: use by right: density. The Planning and Zoning Law authorizes a development proponent to submit an application for a multifamily housing development that is subject to a streamlined, ministerial approval process, as provided, and not subject to a conditional use permit, if the development satisfies specified objective planning standards, including, among others, that the development proponent has committed to record, prior to the issuance of the first building permit, a land use restriction or covenant providing that any lower or moderate-income housing units required remain available at affordable housing costs or rent to persons and families of lower or moderate income, as specified. This bill would deem a tribal housing development that is located on a site owned in fee simple by the tribe an allowable use if it satisfies specified requirements, including that it is located on an infill lot and it is not located on an environmentally sensitive site, as specified. The bill would define “allowable use” for purposes of these provisions to mean that the development project is a permitted use regardless of zoning designation, as specified.		
AB 2353 Ward	Amended 7/1/2024	Senate Appropriations	Property taxation: welfare exemption: delinquent payments: interest and penalties. Except as provided, the California Constitution requires that all property be taxed in proportion to its full value and assessed at the same percentage of fair market value. The tax imposed pursuant to these provisions is commonly referred to as an ad valorem property tax. Current property tax law, in accordance with the California Constitution, provides for a “welfare exemption” for property used exclusively for religious, hospital, scientific, or charitable purposes and that is owned or operated by certain types of nonprofit entities, if certain qualifying criteria are met. Under current property tax law, property that meets these requirements that is used exclusively for rental housing and related facilities is entitled to a partial exemption, equal to that percentage of the value of the property that is equal to the percentage that the number of units serving lower income households represents of the total number of residential units, in any year that any of certain criteria apply. Current law imposes various penalties and costs for delinquent payment of real property taxes. Current law, however, requires the cancellation of any delinquent penalty, cost, redemption penalty, interest, or redemption fee upon satisfactory proof, as described, that the penalty, cost, interest, or fee attached due to an error of the tax collector, the auditor, or the assessor or due to their inability to complete valid procedures initiated prior to the delinquency date, as specified. This bill would provide that a property owner is not liable for interest or penalties, and would prohibit the tax collector from taking or continuing any collection action, with respect to ad valorem property taxes levied upon a property if the property owner has submitted to the county assessor an application for an exemption pursuant to the above-described partial welfare exemption, except as provided, the property owner supplies evidence the property received a specified reservation of tax credits or award of funds, and facilities are in the course of construction, as defined. The bill would require an assessor to provide specified notice to a taxpayer if the assessor deems an application ineligible for exemption.	Support	Support

AB 2361 Davies	Introduced 2/12/2024	Assembly Dead	<p>Planning and zoning: regional housing needs: exchange of allocation: Counties of Orange and San Diego. The Planning and Zoning Law requires the legislative body of each county and city to adopt a comprehensive, long-term general plan for the physical development of the county or city that includes, among other specified mandatory elements, a housing element. That law, for the 4th and subsequent revisions of the housing element, requires the Department of Housing and Community Development to determine the existing and projected need for housing for each region. That law further requires the appropriate council of governments, or, for cities and counties without a council of governments, the department, to adopt a final regional housing plan that allocates a share of the regional housing need to each city, county, or city and county in accordance with certain requirements. This bill would establish a pilot program for the Counties of Orange and San Diego, and the cities therein. The bill would authorize a city or county within the pilot program, by agreement, to transfer all or a portion of its allocation of regional housing need to another city or county within the pilot program.</p>		
AB 2396 Reyes	Amended 4/1/2024	Assembly Dead	<p>State Partnership for Affordable Housing Registries in California Grant Program. Current law creates the Department of Housing and Community Development and sets forth its powers and duties relating to the administration of housing programs. This bill would, upon appropriation by the Legislature, require the department to solicit participation in the State Partnership for Affordable Housing Registries in California Grant Program among eligible entities, as defined, through a notice of funding availability. The bill would require the department to disburse funds awarded to eligible entities, and require program administrators, as defined, to launch Phase 1 of the platforms, as specified. The bill would require the department to disburse funds to applicants in geographically diverse communities to the extent feasible.</p>	Support if Amended	Support if Amended
AB 2455 Gabriel	Amended 6/27/2024	Senate Appropriations	<p>Whistleblower protection: state and local government procedures. Current law authorizes a city, county, or city and county auditor or controller to maintain a whistleblower hotline to receive calls from persons who have information regarding fraud, waste, or abuse by local government employees, as specified. Current law authorizes the county auditor to refer calls received on the whistleblower hotline to the appropriate government authority for review and possible investigation. During the initial review of a call, existing law requires the auditor, controller, or other appropriate governmental agency to hold in confidence information disclosed through the whistleblower hotline, as specified. Upon receiving specific information that an employee or local government has engaged in an improper government activity, current law authorizes a city or county auditor to conduct an investigative audit of the matter, as specified. Current law requires the identity of the individual or individuals reporting the improper government activity, and the subject employee or employees to be kept confidential. Current law defines “fraud, waste, or abuse” to mean any activity by a local agency or employee that is undertaken in the performance of the employee’s official duties, as described, that is in violation of any local, state, or federal law or regulation relating to, among other things, corruption. This bill would also authorize a city, county, or city and county auditor or controller to maintain a whistleblower hotline to receive calls from persons who have information regarding improper governmental activity, and would recast information regarding fraud, waste, or abuse by local government employees as improper governmental activity.</p>		
AB 2485 Carrillo, Juan	Amended 7/3/2024	Senate Appropriations	<p>Regional housing need: determination. The Planning and Zoning Law requires each county and city to adopt a comprehensive, long-term general plan for the physical development of the county or city, which includes, among other mandatory elements, a housing element. That law requires, for the 4th and subsequent revisions of the housing element, the Department of Housing and Community Development (department), in consultation with each council of governments, where applicable, to</p>	Support	Support

			determine the existing and projected need for housing for each region, at least 2 years prior to the scheduled revision of the housing element, as specified. That law requires the department’s determination to be based upon population projections produced by the Department of Finance and regional population forecasts developed by the council of governments and used for the preparation of the regional transportation plan, as specified. That law also requires the department to meet and consult with the council of governments regarding the assumptions and methodologies to be used to determine a region’s housing need and requires the council of governments to provide data assumptions from the council of governments’ projections, as specified. That law authorizes the department to accept or reject the information provided by the council of governments and, requires the department, after consultation with the council of governments, to make determinations on the data assumptions and the methodology the department will use to determine the region’s housing need, as specified. That law requires the department to provide its determinations to the council of governments, as specified. This bill would for the 8th and subsequent revisions of the housing element require the department to convene and engage stakeholders to consider improvements to the process of determining the existing and projected housing need for each region before determining any region’s existing projected housing need. The bill would require the department, prior to finalization of the regional determination, as specified, to publish on the department’s internet website a summary of the information the department considered and determinations made by the department to improve the process of determining the existing and projected housing need for each region.		
AB 2506 Lowenthal	Introduced 2/13/2024	Assembly Revenue and Taxation	Property taxation: local exemption: possessory interests: publicly owned housing. Would authorize a county board of supervisors to exempt from property taxation any possessory interest held by a tenant of publicly owned housing, as defined, with a value so low that the total taxes and applicable subventions on the property would amount to less than the cost of assessing and collecting them, except as provided. The bill would provide that there is a rebuttable presumption that the property taxes and applicable subventions on a possessory interest held by a tenant in publicly owned housing are less than the costs of assessing and collecting those taxes and applicable subventions. The bill would set forth procedures for granting or denying those exemptions and for implementing the exemption. The bill would provide that the board shall be deemed to have agreed with the rebuttable presumption and the exemption shall be deemed granted if the board does not take any action, if the board agrees, by a majority vote, to grant the exemption at a public hearing, or if the board fails to reach a majority vote for or against the exemption at the public hearing. By imposing additional duties on county boards of supervisors and local tax officials, the bill would impose a state-mandated local program.		
AB 2535 Bonta	Amended 4/24/2024	Assembly Dead	Trade Corridor Enhancement Program. Current law requires the California Transportation Commission, under a program commonly known as the Trade Corridor Enhancement Program, to allocate, upon appropriation by the Legislature, revenues from a specified portion of the state excise tax on diesel fuel and certain federal funds to infrastructure projects located on or along specified transportation corridors. Under current law, eligible projects under the program include, among others, highway improvements to more efficiently accommodate the movement of freight and environmental and community mitigation or efforts to reduce environmental impacts of freight movement. Under the program, existing law requires the commission to adopt a program of projects from projects nominated by the Department of Transportation and local agencies. In adopting the program of projects, existing law requires the commission to evaluate the total potential economic and noneconomic benefits of the program of projects to California’s economy, environment, and public health, and to specifically assess localized impacts in disadvantaged communities. Current law		

			also requires the California Environmental Protection Agency to identify disadvantaged communities, and, pursuant to that requirement, the agency has developed a tool to identify those communities, commonly known as CalEnviroScreen. This bill would, commencing January 1, 2025, require the commission, the Department of Housing and Community Development, and the State Air Resources Board to create guidance for the programming of projects under the Trade Corridor Enhancement Program that expand the physical footprint of a highway in a community in the highest 10% of CalEnviroScreen communities. Commencing January 1, 2028, the bill would require this guidance to be incorporated into the programming cycle.		
AB 2584 Lee	Amended 6/20/2024	Senate Dead	Single-family residential real property: corporate entity: ownership. Would prohibit a business entity, as defined, that has an interest in more than 1,000 single-family residential properties from purchasing, acquiring, or otherwise obtaining an ownership interest in another single-family residential property and subsequently leasing the property, as specified. The bill would authorize the Attorney General to bring a civil action for a violation of these provisions, and would require a court in a civil action in which the Attorney General prevails to order specified relief, including that the business entity pay a civil penalty of \$100,000 for each violation and that the business entity sell the property to an independent third party within one year of the date that the court enters judgment. The bill would require that these provisions be the exclusive means of enforcement of these provisions.		
AB 2597 Ward	Amended 6/10/2024	Senate Third Reading	Planning and zoning: revision of housing element: regional housing need allocation appeals: Southern California Association of Governments. The Planning and Zoning Law requires each county and each city to adopt a comprehensive, long-term general plan for the physical development of the county or city, and specified land outside its boundaries, that includes, among other specified mandatory elements, a housing element. Current law requires, for the 4th and subsequent revisions of the housing element, the Department of Housing and Community Development, in consultation with the council of governments, to determine the existing and projected need for housing for each region, as specified. Current law requires the council of governments or delegate subregion, as applicable, to adopt a final regional housing needs plan that allocates a share of the regional housing need to each city, county, or city and county. Current law requires each council of governments and delegate subregion to distribute a draft allocation of regional housing needs to each local government in the region or subregion. Current law authorizes, within 45 days following receipt of the draft allocation, a local government within the region or the delegate subregion or the department to appeal to the council of governments or the delegate subregion for a revision of the share of the regional housing need proposed to be allocated to one or more local governments, as specified. This bill would reduce the period to appeal from 45 days following receipt of the draft allocation to 30 days.		
AB 2645 Lackey	Amended 6/27/2024	Senate Appropriations	Electronic toll collection systems: information sharing: law enforcement. Current law prohibits a transportation agency, as defined, from selling or otherwise providing to any other person or entity, with certain exceptions, personally identifiable information of a person who subscribes to an electronic toll collection system or who uses a toll bridge, toll lane, or toll highway that employs an electronic toll collection system. Current law authorizes a law enforcement agency to request the Department of the California Highway Patrol (CHP) to activate the Emergency Alert System within the appropriate area if that agency determines that a child 17 years of age or younger, or an individual with a proven mental or physical disability, has been abducted and is in imminent danger of serious bodily injury or death, and there is information available that, if disseminated to the general public, could assist in the safe recovery of that person. Current law also authorizes the CHP, upon the request of a law enforcement agency, to activate various other alerts for missing individuals meeting certain criteria and alerts following an attack upon a law enforcement officer or a hit-and-run fatality. This		

			bill would authorize a transportation agency that employs an electronic toll collection system to provide the date, time, and location of a vehicle license plate read captured by the system to a peace officer in response to one of these alerts.		
AB 2669 Ting	Amended 4/2/2024	Senate Appropriations Suspense File	Toll bridges: tolls. Current law provides for the construction and operation of various toll bridges by the state, the Golden Gate Bridge, Highway and Transportation District, and private entities that have entered into a franchise agreement with the state. This bill would prohibit a toll from being imposed on the passage of a pedestrian, bicycle, or personal micromobility device over these various toll bridges, unless the bridge was under construction on or after January 1, 2025, and the tolls are used to fund the cost of constructing the bridge.		
AB 2678 Wallis	Amended 3/18/2024	Senate Appropriations	Vehicles: high-occupancy vehicle lanes. Current state law authorizes the Department of Transportation to designate certain lanes for the exclusive use of high-occupancy vehicles (HOVs). Current federal law authorizes, until September 30, 2025, a state to allow specified alternate fuel and plug-in electric or hybrid vehicles to use lanes designated for HOVs. Current state law authorizes the Department of Motor Vehicles to issue decals or other identifiers to qualified vehicles, as specified. Current state law allows a vehicle displaying a valid decal or identifier issued pursuant to these provisions to be operated in a lane designated for the exclusive use of HOVs regardless of the occupancy of the vehicle. These existing state laws, by operation of their provisions, become inoperative on the date the federal authorization expires. Current state law also repeals these provisions on September 30, 2025. This bill would extend the repeal date of these provisions until January 1, 2027.		
AB 2719 Wilson	Introduced 2/14/2024	Assembly Dead	Vehicles: commercial vehicle inspections. Would authorize a public transit agency, as defined, to request the California Highway Patrol (CHP) to conduct an annual inspection and certification of its fleet. The bill would authorize the Commissioner of the CHP to issue stickers or other devices as evidence of certification. The bill would exempt any public transit agency vehicle that has been certified through that inspection from the requirement to stop at a roadside inspection.		
AB 2728 Gabriel	Amended 6/17/2024	Senate Appropriations	Planning and zoning: housing development: independent institutions of higher education and religious institutions. The Planning and Zoning Law requires each county and city to adopt a comprehensive, long-term general plan that includes, among other mandatory elements, a housing element. That law requires the city's or county's planning agency, after the legislative body has adopted a general plan, to submit an annual report to the legislative body, the Office of Planning and Research, and the Department of Housing and Community Development. This bill would require a local government to include in the annual report specified information relating to housing development projects under the act, including the number of applications submitted and the total number of building permits issued under the act.		
AB 2744 McCarty	Amended 4/15/2024	Assembly Dead	Vehicles: pedestrian, bicycle, and vehicle safety. Current law authorizes the legislative body of a city to do any and all things necessary to lay out, acquire, and construct a section or portion of a street or highway within its jurisdiction as a freeway and to make an existing street or highway a freeway. Current law authorizes a legislative body of a city, whenever this legislative body determines that it is necessary for the more efficient maintenance, construction, or repair of streets and roads within the city, to contract with the board of supervisors of any county for the rental of the county's equipment, as specified. This bill would, beginning on January 1, 2025, prohibit the construction of slip lanes, as defined.		

AB 2776 Rodriguez	Amended 5/20/2024	Senate Appropriations	<p>Recovery from disaster or emergency: funding priority. The California Emergency Services Act, among other things, creates the Office of Emergency Services (OES), which is responsible for the state’s emergency and disaster response services, as specified. The OES is under the supervision of the Director of Emergency Services. During a state of war emergency, a state of emergency, or a local emergency, current law requires the director to coordinate the emergency activities of all state agencies in connection with that emergency. This bill would authorize the OES to prioritize funding and technical assistance under specified programs, including, but not limited to, for infrastructure and housing recovery projects, in communities that suffered a loss in population and businesses due to a major federal disaster, state of emergency, or local emergency and have unmet recovery needs as a result of a major federal disaster, state of emergency, or local emergency.</p>		
AB 2809 Haney	Amended 4/8/2024	Assembly Dead	<p>Vehicles: automated speed enforcement. Would require the Secretary of Transportation to develop guidelines for the implementation of a state highway work zone speed safety program using automated speed enforcement systems, as specified. The bill would authorize the Department of Transportation to establish a state highway work zone speed safety program in accordance with those guidelines. The bill would require the department, if a program is established, to prepare and submit a report to the Legislature, as specified. The bill would require any moneys generated from the issuance of the citations to be deposited in the Safe Highway Work Zone Account, created in the State Transportation Fund, and for the moneys to be allocated, upon appropriation by the Legislature, to the Department of Transportation for administration of the program. The provisions of the bill would become inoperative on July 1, 2030.</p>		
AB 2813 Aguiar-Curry	Enrolled 7/8/2024	Assembly Enrollment	<p>Government Investment Act. The Proposition 218 Omnibus Implementation Act defines various terms and prescribes procedures and parameters for local jurisdictions to comply with specified provisions of the California Constitution. This bill, for purposes of ACA 1, would define "affordable housing" to include rental housing, ownership housing, interim housing, and affordable housing programs such as downpayment assistance, first-time homebuyer programs, and owner-occupied affordable housing rehabilitation programs, that are affordable to households earning up to 150% of countywide median income. The bill would require a local government to ensure that any project that is funded with ACA 1 bonded indebtedness to have an estimated useful life of at least 15 years or 5 years if the funds are for specified public safety facilities, infrastructure, and equipment. The bill would define "public infrastructure" to exclude the construction, reconstruction, rehabilitation, or replacement of a sports stadium or arena where the majority of the use of the facility is for private ticketed activities. The bill would prohibit ACA 1 bonded indebtedness from being used for the acquisition or lease of any real property that has, at the time of acquisition or lease, been improved with one to 4 dwelling units, except as specified.</p>	Support if Amended	Support if Amended
AB 3016 Petrie-Norris	Amended 3/11/2024	Assembly Dead	<p>Renewable electrical generation facilities: interagency coordination. Current law establishes the Governor’s Office of Business and Economic Development to, among other duties, serve the Governor as the lead entity for economic strategy and the marketing of California on issues relating to business development, private sector investment, and economic growth. Current law imposes various requirements relating to the environmental review and governmental approval of certain types of projects, including renewable electricity generation projects. This bill would require the office, on or before January 1, 2026, to create and oversee a process for interagency coordination for all state and local agencies with known or likely environmental review or permitting jurisdiction relating to proposed renewable electrical generation facilities.</p>		

<p>AB 3055 Bonta</p>	<p>Amended 4/9/2024</p>	<p>Assembly Dead</p>	<p>Survivors of human trafficking: identification cards. Current law authorizes the Department of Motor Vehicles to issue an identification card to an applicant who provides specified information to the department and pays a specified fee. Current law provides assisted processes for persons being released from a federal or state prison or a state hospital to obtain an identification card. Current law additionally waives the fee for senior citizens and indigent persons. This bill would require the department to develop an assisted and expedited process for survivors of human trafficking to obtain a new or replacement identification card. The bill would require the department to develop an application form that can be filled out by specified persons on behalf of the applicant. The bill would require the department to waive the fee for an applicant applying pursuant to this process. The bill would also require the California Victim Compensation Board to post specified information, including information about obtaining an identification card using this process, on its internet website.</p>		
<p>AB 3068 Haney</p>	<p>Amended 7/3/2024</p>	<p>Senate Appropriations</p>	<p>Adaptive reuse: streamlining: incentives. The Planning and Zoning Law requires each county and city to adopt a comprehensive, long-term general plan for its physical development, and the development of certain lands outside its boundaries, that includes, among other mandatory elements, a housing element. That law allows a development proponent to submit an application for a development that is subject to a specified streamlined, ministerial approval process not subject to a conditional use permit, if the development satisfies certain objective planning standards, including that the development is a multifamily housing development that contains two or more residential units. This bill would deem an adaptive reuse project a use by right in all zones, regardless of the zoning of the site, and subject to a streamlined, ministerial review process if the project meets specified requirements. In this regard, an adaptive reuse project, in order to qualify for the streamlined, ministerial review process, would be required to be proposed for an existing building that is less than 50 years old or meets certain requirements regarding the preservation of historic resources, including the signing of an affidavit declaring that the project will comply with the United States Secretary of the Interior’s Standards for Rehabilitation for, among other things, the preservation of exterior facades of a building that face a street, or receive federal or state historic rehabilitation tax credits, as specified. The bill would require an adaptive reuse project to meet specified affordability criteria. In this regard, the bill would require an adaptive reuse project for rental housing to include either 8% of the unit for very low income households and 5% of the units for extremely low income households or 15% of the units for lower income households. For an adaptive reuse project for owner-occupied housing, the bill would require the development to offer either 30% of the units at an affordable housing cost to moderate-income households or 15% of the units at an affordable housing cost to lower income households. The bill would require at least one-half of the square footage of the adaptive reuse project to be dedicated to residential uses. The bill would provide, among other things relating to projects involving adaptive reuse, that parking is not required for the portion of a project consisting of a building subject to adaptive reuse that does not have existing onsite parking.</p>		
<p>AB 3093 Ward</p>	<p>Amended 7/3/2024</p>	<p>Senate Appropriations</p>	<p>Land use: housing element: streamlined multifamily housing. The Planning and Zoning Law requires a city or county to adopt a general plan for land use development that includes, among other things, a housing element. That law defines various terms for purposes of requirements applicable to the housing element. Under current law, a housing element is required to include specified information, including an analysis of special housing needs, such as those of the elderly, and quantification of the locality’s existing and projected housing needs for all income levels, including</p>		

			extremely low income households, calculated as provided. This bill would define acutely low, extremely low, very low, lower, moderate, and above moderate income for purposes of requirements applicable to the housing element, and would make related changes.		
AB 3138 Wilson	Amended 7/3/2024	Senate Appropriations	Vehicle identification and registration: license plates. Current law requires a vehicle to display a license plate, issued by the Department of Motor Vehicles, with tabs that indicate the month and year the vehicle registration expires. Current law requires the department to issue a registration card upon registering a vehicle that includes, among other information, the name of the owner and the vehicle registration number. Current law authorizes the department to establish a program allowing an entity to issue devices as alternatives to the conventional license plates, stickers, tabs, and registration cards, subject to specific requirements that include limitations on how vehicle location technology is used with an alternative device and how an alternative device may display certain specialized license plates. This bill would authorize the department to approve the use of an alternative device to replicate a specialized license plate or a license plate requiring an occupational license, as specified.		
AB 3160 Gabriel	Amended 5/20/2024	Senate Appropriations	Insurance, income, and corporation taxes: credits: low-income housing. Current law establishes a low-income housing tax credit program pursuant to which the California Tax Credit Allocation Committee provides procedures and requirements for the allocation, in modified conformity with federal law, of state insurance, personal income, and corporation tax credit amounts to qualified low-income housing projects that have been allocated, or qualify for, a federal low-income housing tax credit, and farmworker housing. Current law limits the total annual amount of the state low-income housing credit for which a federal low-income housing credit is required to the sum of \$70,000,000, as increased by any percentage increase in the Consumer Price Index for the preceding calendar year, any unused credit for the preceding calendar years, and the amount of housing credit ceiling returned in the calendar year. Current law provides for an additional allocation of \$500,000,000 in low-income housing tax credits for the 2020 calendar year and up to \$500,000,000 for the 2021 calendar year and thereafter. Current law provides that the additional amount for the 2021 calendar year and thereafter is available only if the Budget Act or related legislation specifies an amount available for allocation. This bill would instead require that this additional allocation of low-income housing tax credits be \$500,000,000 for the 2020 calendar year through the 2030 calendar year, and up to \$500,000,000 for the 2031 calendar year and every year thereafter.		
AB 3190 Haney	Amended 5/20/2024	Senate Appropriations	Public works. Current law requires that, except as specified, not less than the general prevailing rate of per diem wages, determined by the Director of Industrial Relations, be paid to workers employed on public works projects. Current law defines the term “public works” for purposes of requirements regarding the payment of prevailing wages to include construction, alteration, demolition, installation, or repair work done under contract and paid for using public funds, except as specified. Current law defines “paid for in whole or in part out of public funds” to include, among others, projects that involved transfer by the state or political subdivision of an asset of value for less than fair market price or projects where the money loaned by the state or political subdivision will be repaid on a contingent basis. Existing law makes a willful violation of laws relating to the payment of prevailing wages in public works a misdemeanor. This bill would expand the definition of paid for in whole or in part out of public funds to include projects paid using credits against a tax, including certain low-income housing tax credits.		

ACA 1 Aguiar-Curry	Chaptered 9/20/2023	Assembly Chaptered	<p>Local government financing: affordable housing and public infrastructure: voter approval. The California Constitution prohibits the ad valorem tax rate on real property from exceeding 1% of the full cash value of the property, subject to certain exceptions. This measure would create an additional exception to the 1% limit that would authorize a city, county, city and county, or special district to levy an ad valorem tax to service bonded indebtedness incurred to fund the construction, reconstruction, rehabilitation, or replacement of public infrastructure, affordable housing, including downpayment assistance, or permanent supportive housing, or the acquisition or lease of real property for those purposes, if the proposition proposing that tax is approved by 55% of the voters of the city, county, city and county, or special district, as applicable, and the proposition includes specified accountability requirements. The measure would prohibit a city, county, city and county, or special district from placing a proposition on the ballot pursuant to these provisions if the voters have previously approved a proposition pursuant to these provisions or the below special tax provisions until all funds from the previous proposition are committed to programs and projects listed in the specific local program or ordinance, as described. The measure, subject to certain vote thresholds, would authorize the Legislature to enact laws establishing additional accountability measures and laws for the downpayment assistance programs authorized by the measure, as specified.</p>	Support	Support
ACA 10 Aguiar-Curry	Chaptered 6/27/2024	Assembly Chaptered	<p>Local government financing: affordable housing and public infrastructure: voter approval. Assembly Constitutional Amendment No. 1 of the 2023–24 Regular Session (ACA 1) would, if adopted by the people, amend Section 4 of Article XIII A, Section 2 of Article XIII C, and Section 3 of Article XIII D of, and would add Section 2.5 of Article XIII C to, the California Constitution, relative to local finance. Under these provisions, ACA 1 would condition the imposition, extension, or increase of a sales and use tax or transactions and use tax imposed in accordance with specified law or a parcel tax by a local government for the purposes of funding the construction, reconstruction, rehabilitation, or replacement of public infrastructure, affordable housing, including downpayment assistance, or permanent supportive housing, or the acquisition or lease of real property for those purposes, on the proposition proposing that tax being approved by a majority vote of the membership of the governing board of the local government and by 55% of its voters voting on the proposition and the proposition includes specified accountability requirements. ACA 1 would also make conforming changes. This measure would remove the above-described provisions of ACA 1 relating to special taxes and make conforming changes in other provisions of ACA 1.</p>	Support	Support
ACA 18 Wallis	Introduced 2/16/2024	Assembly Print	<p>Road usage charges: vote and voter approval requirements. The California Constitution requires any change in state statute that increases the tax liability of any taxpayer to be imposed by an act passed by 2/3 of the membership of each house of the Legislature, and prohibits specified taxes on real property from being so imposed. For these purposes, the California Constitution defines a “tax” as any state levy, charge, or exaction, except as described in certain exceptions. The California Constitution describes one of those exceptions as a charge imposed for entrance to or use of state property, or the purchase, rental, or lease of state property, except charges governed by a specified provision of the California Constitution. This measure, on or after its effective date, would provide that the exception described above does not include a road usage charge, as described, thereby requiring the imposition of this type of charge to be subject to the 2/3 vote requirement.</p>		

<p>SB 4 Wiener</p>	<p>Chaptered 10/11/2023</p>	<p>Senate Chaptered</p>	<p>Planning and zoning: housing development: higher education institutions and religious institutions. Current law, the Zenovich-Moscone-Chacon Housing and Home Finance Act, establishes the California Tax Credit Allocation Committee within the Department of Housing and Community Development. Current law requires the committee to allocate state low-income housing tax credits in conformity with state and federal law that establishes a maximum rent that may be charged to a tenant for a project unit constructed using low-income housing tax credits. The bill would define various terms for these purposes. Among other things, the bill would require that 100% of the units, exclusive of manager units, in a housing development project eligible for approval as a use by right under these provisions be affordable to lower income households, except that 20% of the units may be for moderate-income households, and 5% of the units may be for staff of the independent institution of higher education or the religious institution that owns the land, provided that the units affordable to lower income households are offered at affordable rent, as set in an amount consistent with the rent limits established by the California Tax Credit Allocation Committee, or affordable housing cost, as specified. The bill would authorize the development to include ancillary uses on the ground floor of the development, as specified.</p>		
<p>SB 17 Caballero</p>	<p>Vetoed 10/7/2023</p>	<p>Senate Vetoed</p>	<p>Senior housing: tax credits. Current law, enacted to implement a specified low-income housing tax credit established by federal law, requires the California Tax Credit Allocation Committee to annually determine and allocate the state ceiling in accordance with those provisions and in conformity with federal law. Current law authorizes the committee to adopt, amend, or repeal rules and regulations for the allocation of housing credits. Current law requires that specified amounts of the low-income housing tax credits be set aside for allocation to rural areas, small developments, and farmworker housing, as specified. This bill would require the committee to revise its regulations to increase the housing type goal for senior developments to 20 percent.</p>		
<p>SB 18 McGuire</p>	<p>Vetoed 10/7/2023</p>	<p>Senate Vetoed</p>	<p>Housing programs: Tribal Housing Reconstitution and Resiliency Act. Would enact the Tribal Housing Reconstitution and Resiliency Act and would create the Tribal Housing Grant Program Trust Fund to be administered by the Department of Housing and Community Development. The bill would require the fund, upon annual appropriation from the Legislature, to be allocated in accordance with a specified formula, as provided. This bill would authorize the funds to be allocated for specific purposes, including, among others, housing and housing-related program services for affordable housing, housing and community development project costs, and management services for affordable housing. The bill would require the funds to be allocated only for the benefit of eligible beneficiaries, including, among others, Indian and essential families and individuals residing in an Indian area, as defined.</p>		
<p>SB 20 Rubio</p>	<p>Chaptered 9/1/2023</p>	<p>Senate Chaptered</p>	<p>Joint powers agreements: regional housing trusts. The Joint Exercise of Powers Act specifically authorizes the creation of the Orange County Housing Finance Trust and the San Gabriel Valley Regional Housing Trust, both joint powers authorities, for the purpose of funding housing to assist the homeless population and persons and families of extremely low, very low, and low income within their respective regions, as specified. This bill would authorize 2 or more local agencies, as defined, to create a regional housing trust for the purpose of funding housing to assist the homeless population and persons and families of extremely low, very low, and low income within their jurisdictions by entering into a joint powers agreement pursuant to the Joint Exercise of Powers Act. The bill would also authorize a federally recognized tribal government to enter into the joint powers agreement. The bill would require a regional housing trust created pursuant to these provisions to be governed by a board of directors consisting of a minimum of 5 directors, as specified. The bill would authorize a</p>		

			regional housing trust to fund the planning, construction, and acquisition of housing, receive public and private financing and funds, and authorize and issue bonds, as specified. The bill would require the joint powers agreement establishing the regional housing trust to incorporate specified annual financial reporting and auditing requirements.		
SB 34 Umberg	Chaptered 10/11/2023	Senate Chaptered	Surplus land disposal: violations: County of Orange. Current law prescribes requirements for the disposal of land determined to be surplus land by a local agency. Those requirements include a requirement that a local agency, prior to disposing of a property or participating in negotiations to dispose of that property with a prospective transferee, send a written notice of availability of the property to specified entities, depending on the property's intended use, and send specified information in regard to the disposal of the parcel of surplus land to the Department of Housing and Community Development. Current law, among other enforcement provisions, makes a local agency that disposes of land in violation of these disposal provisions, after receiving notification of violation from the department, liable for a penalty of 30% of the final sale price of the land sold in violation for a first violation and 50% for any subsequent violation. Under current law, except as specified, a local agency has 60 days to cure or correct an alleged violation before an enforcement action may be brought. Current law provides for the deposit and use of penalty revenues for housing, as prescribed. This bill, until January 1, 2030, would require the County of Orange, or any city located within the County of Orange, if notified by the department that its planned disposal of surplus land is in violation of existing law, to cure or correct the alleged violation within 60 days, as prescribed. The bill would prohibit a County of Orange jurisdiction that has not cured or corrected any alleged violation from disposing of the parcel until the department determines that it has complied with existing law or deems the alleged violation not to be a violation.		
SB 35 Umberg	Chaptered 9/30/2023	Senate Chaptered	Community Assistance, Recovery, and Empowerment (CARE) Court Program. Would authorize the Community Assistance, Recovery, and Empowerment (CARE) Act proceedings to be conducted by a superior court judge or by a court-appointed commissioner or other subordinate judicial officer. The bill would require that there is no fee for filing a petition nor any fees charged by any public officer for services in filing or serving papers or for the performance of any duty enjoined by the CARE Act. The bill would authorize that the respondent is entitled to have an interpreter in all proceedings if necessary for the respondent's full participation. This bill would require county behavioral health agencies to provide health information necessary to support findings in the filings to the court, as specified, and would exempt counties and their employees from civil or criminal liability for disclosure under these provisions. By increasing the reporting duties on county behavioral health agencies, this bill would create a state-mandated local program.		
SB 91 Umberg	Chaptered 10/10/2023	Senate Chaptered	California Environmental Quality Act: supportive and transitional housing: motel conversion: environmental leadership transit projects. The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of an environmental impact report (EIR) on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. Current law, until January 1, 2025, exempts from CEQA projects related to the conversion of a structure with a certificate of occupancy as a motel, hotel, residential hotel, or hostel to supportive or transitional housing, as defined, that meet certain conditions. This bill would extend indefinitely the above exemption.		

SB 101 Skinner	Chaptered 6/27/2023	Senate Chaptered	Budget Act of 2023. This bill would make appropriations for the support of state government for the 2023–24 fiscal year. This bill contains other related provisions.		
SB 125 Committee on Budget and Fiscal Review	Chaptered 7/10/2023	Senate Chaptered	Transportation budget trailer bill. (1) Existing law establishes the Transportation Agency, which consists of various departments and state entities, including the California Transportation Commission and the Department of Transportation. Under existing law, the agency is under the supervision of an executive officer known as the Secretary of Transportation, who is required to develop and report to the Governor on legislative, budgetary, and administrative programs to accomplish comprehensive, long-range, and coordinated planning and policy formulation in the matters of public interest related to the agency. This bill would require the agency, on or before January 1, 2024, to establish and convene the Transit Transformation Task Force to include representatives from the department, various local agencies, academic institutions, nongovernmental organizations, and other stakeholders. The bill would require the task force to solicit and develop a structured, coordinated process for engagement of all parties to develop policy recommendations to grow transit ridership and improve the transit experience for all users of those services. The bill would require the agency, in consultation with the task force, to prepare and submit a report of findings and policy recommendations based on the task force's efforts to the appropriate policy and fiscal committees of the Legislature on or before October 31, 2025. The bill would require the report to include a detailed analysis of specified issues and recommendations on specified topics, including, among others, reforming the Transportation Development Act. The bill would repeal these provisions on January 1, 2028. This bill contains other related provisions and other existing laws.		
SB 145 Newman	Chaptered 7/10/2023	Senate Chaptered	Environmental mitigation: Department of Transportation. The California Endangered Species Act (CESA) requires the Fish and Game Commission to establish a list of endangered species and a list of threatened species and to add or remove species from either list if it finds, upon the receipt of sufficient scientific information, as specified, that the action is warranted. CESA prohibits the taking of an endangered, threatened, or candidate species, except as specified. Under the act, the Department of Fish and Wildlife may authorize the take of listed species if the take is incidental to an otherwise lawful activity, the impacts are minimized and fully mitigated, and the applicant ensures adequate funding for implementing the mitigation measures and for monitoring compliance with, and the effectiveness of, those measures. This bill would specify that any transportation funding identified in the State Highway System Management Plan for purposes of these provisions is presumed to provide adequate funding for the long-term maintenance of a habitat connectivity or wildlife corridor structure on the state highway system, but not for the habitat on or around the structure, and would require an applicant to provide an endowment.		
SB 146 Gonzalez	Chaptered 7/10/2023	Senate Chaptered	Public resources: infrastructure: contracting. Existing law authorizes the Secretary of Transportation to assume the responsibilities of the United States Secretary of Transportation under the federal National Environmental Policy Act of 1969 (NEPA) and other federal environmental laws for any railroad, public transportation, or multimodal project undertaken by state agencies, as specified. Existing law provides that the State of California consents to the jurisdiction of the federal courts with regard to the compliance, discharge, or enforcement of these responsibilities. Existing law repeals these provisions on January 1, 2025. This bill would extend the above authorization to December 31, 2033. The bill would additionally authorize the Secretary of Transportation, consistent with, and subject to the requirements of, any memorandum of understanding between the state and federal government and upon the request of a local or regional agency with the authority to implement transportation projects, to assume responsibilities under the NEPA and other federal environmental		

			laws for any railroad, local public transportation, or multimodal project implemented by the requesting local or regional agency. The bill would impose terms and conditions similar to those with respect to the above-described authority to assume those responsibilities for projects undertaken by state agencies, including providing consent for the jurisdiction of the federal courts, as provided. The bill would require the secretary to report to the transportation policy committees of the Legislature regarding the assumption of responsibilities under the NEPA requested by a local or regional agency by December 31, 2033.		
SB 147 Ashby	Chaptered 7/10/2023	Senate Chaptered	Fully protected species: California Endangered Species Act: authorized take. The California Endangered Species Act (CESA) requires the Fish and Game Commission to establish a list of endangered species and a list of threatened species and to add or remove species from either list if it finds, upon the receipt of sufficient scientific information, as specified, that the action is warranted. The act prohibits the taking of an endangered or threatened species, except in certain situations, including, if specified conditions are met, through the issuance of a permit commonly known as an incidental take permit. This bill would, until December 31, 2033, authorize the Department of Fish and Wildlife to issue a permit under CESA that would authorize the take of a fully protected species resulting from impacts attributable to the implementation of specified projects if certain conditions are satisfied, including, among others, the conditions required for the issuance of an incidental take permit. The bill would require the department to develop a plan on or before July 1, 2024, to assess the population status of each fully protected species.		
SB 149 Caballero	Chaptered 7/10/2023	Senate Chaptered	California Environmental Quality Act: administrative and judicial procedures: record of proceedings: judicial streamlining. The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of an environmental impact report (EIR) on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. CEQA provides that, in certain specified actions or proceedings, the plaintiff or petitioner may elect to prepare the record of proceedings, subject to certification of its accuracy by the public agency. CEQA requires that a copy of the certified record of proceedings be lodged with the court. This bill would authorize the public agency to deny the request of the plaintiff or petitioner to prepare the record of proceedings, as provided, in which case the bill would require the public agency or the real party in interest to bear the costs of preparation and certification of the record of proceedings and would prohibit the recovery of those costs from the plaintiff or petitioner. The bill would require the court to schedule a case management conference within 30 days of the filing of an action to review the scope, timing, and cost of the record of proceedings.		
SB 150 Durazo	Chaptered 7/10/2023	Senate Chaptered	Construction: workforce development: public contracts. Existing law establishes the Department of Transportation in the Transportation Agency. Existing law establishes the California Workforce Development Board as the body responsible for assisting the Governor in the development, oversight, and continuous improvement of California's workforce investment system and the alignment of the education and workforce investment systems to the needs of the 21st century economy and workforce. Under existing law, the California Workforce Development Board assists the Governor in the administration, promotion, and expansion of high road construction careers. This bill would require the Department of Transportation to work in partnership with the California Workforce		

			Development Board to support California's high road construction careers program. The bill would require the department to reserve a minimum aggregate total of \$50,000,000 of federal funds from the federal Infrastructure Investment and Jobs Act to be allocated over 4 years to support the program.		
SB 225 Caballero	Amended 6/22/2023	Assembly 2 year	Community Anti-Displacement and Preservation Program: statewide contract. This bill would establish the Community Anti-Displacement and Preservation Program (CAPP) to make loans to aq/rehab unrestricted housing units and attach long-term affordability restrictions. HCD would issue an RFQ to select a private sector entity or consortium to manage the program for 5 years. Additionally, HCD could award funding to local entities to make loans for the same purposes.	Support	Support
SB 229 Umberg	Chaptered 10/11/2023	Senate Chaptered	Surplus land: disposal of property: violations: public meeting. Would require a local agency that is disposing of surplus land and has received a notification of violation from the Department of Housing and Community Development to hold an open and public meeting to review and consider the substance of the notice of violation. The bill would require the local agency's governing body to provide prescribed notice no later than the time required by specified provisions. The bill would prohibit the local agency's governing body from taking final action to ratify or approve the proposed disposal of surplus land until a public meeting is held as required. The bill would exempt from its provisions a local agency that ceases to dispose of surplus land after receiving the notice of violation. By imposing new duties on local agencies, the bill would impose a state-mandated local program.		
SB 240 Ochoa Bogh	Chaptered 10/11/2023	Senate Chaptered	Surplus state real property: affordable housing and housing for formerly incarcerated individuals. Current law requires a local agency or nonprofit affordable housing sponsor to satisfy certain requirements to be considered as a potential priority buyer of surplus state real property, including that the local agency or nonprofit affordable housing sponsor demonstrate, to the satisfaction of the department, that the surplus state real property, or portion of that surplus state real property, is to be used by the local agency or nonprofit affordable housing sponsor for open space, public parks, affordable housing projects, or development of local government-owned facilities. Current law authorizes the Department of General Services to sell surplus state real property, or a portion of surplus state real property, to a local agency, or to a nonprofit affordable housing sponsor if no local agency is interested in the surplus state real property, for affordable housing projects at a sales price less than fair market value if the department determines that such a discount will enable the provision of housing for persons and families of low or moderate income. This bill would additionally authorize a local agency or nonprofit affordable housing sponsor to be considered as a potential priority buyer of surplus state real property upon demonstration that the property is to be used by the agency or sponsor for housing for formerly incarcerated individuals, subject to the same provisions described above, as specified.		
SB 267 Eggman	Chaptered 10/11/2023	Senate Chaptered	Credit history of persons receiving government rent subsidies. The California Fair Employment and Housing Act (FEHA) prohibits, in instances in which there is a government rent subsidy, the use of a financial or income standard in assessing eligibility for the rental of housing that is not based on the portion of the rent to be paid by the tenant. FEHA requires the Civil Rights Department to enforce specific provisions of the act, including the provision described above. This bill would additionally prohibit the use of a person's credit history as part of the application process for a rental housing accommodation without offering the applicant the option of providing lawful, verifiable alternative evidence of the applicant's reasonable ability to pay the portion of the rent to be paid by the tenant, including, but not limited to, government benefit payments, pay records, and bank statements, in instances in which there is a government rent subsidy.		

<p>SB 272 Laird</p>	<p>Chaptered 10/7/2023</p>	<p>Senate Chaptered</p>	<p>Sea level rise: planning and adaptation. Would require a local government, as defined, lying, in whole or in part, within the coastal zone, as defined, or within the jurisdiction of the San Francisco Bay Conservation and Development Commission, as defined, to develop a sea level rise plan as part of either a local coastal program, as defined, that is subject to approval by the California Coastal Commission, or a subregional San Francisco Bay shoreline resiliency plan that is subject to approval by the San Francisco Bay Conservation and Development Commission, as applicable, on or before January 1, 2034, as provided. By imposing additional requirements on local governments, the bill would impose a state-mandated local program. The bill would require local governments that receive approval for a sea level rise plan to be prioritized for funding, upon appropriation by the Legislature, for the implementation of sea level rise adaptation strategies and recommended projects in the local government’s approved sea level rise plan. The bill would require, on or before December 31, 2024, the California Coastal Commission, in close coordination with the Ocean Protection Council and the California Sea Level Rise State and Regional Support Collaborative, to establish guidelines for the preparation of the sea level rise plan. The bill would also require, on or before December 31, 2024, the San Francisco Bay Conservation and Development Commission, in close coordination with the California Coastal Commission, the Ocean Protection Council, and the California Sea Level Rise State and Regional Support Collaborative, to establish guidelines for the preparation of the sea level rise plan. The bill would make the operation of its provisions contingent upon an appropriation for its purposes by the Legislature in the annual Budget Act or another statute. This bill contains other related provisions and other existing laws.</p>		
<p>SB 320 Skinner</p>	<p>Introduced 2/6/2023</p>	<p>Senate Dead</p>	<p>Property taxation: possessory interests: independent: publicly owned housing project. Current property tax law requires that all property subject to tax be assessed at its full cash value, and includes certain possessory interests among those property interests that are subject to tax. Current property tax law defines a taxable possessory interest to be a use that is independent, durable, and exclusive. Current property tax law specifies that, for purposes of the definition of a taxable possessory interest, a possession or use is not independent if it is pursuant to a contract that includes, but is not limited to, a long-term lease for the private construction, renovation, rehabilitation, replacement, management, or maintenance of housing for active duty military personnel and their dependents, if specified criteria are met. This bill would provide that there is no independent possession or use of land or improvements if the possession or use is for a tenancy, as defined, in a residential unit, as defined, in a publicly owned housing project, as defined, is part of a governmental assistance program, and directly fulfills the governmental, public purpose of providing the housing, as described in the governmental assistance program.</p>		
<p>SB 326 Eggman</p>	<p>Chaptered 10/12/2023</p>	<p>Senate Chaptered</p>	<p>The Behavioral Health Services Act. Would, If approved by the voters at the March 5, 2024, statewide primary election, recast the Mental Health Services Act (MHSA) by, among other things, renaming it the Behavioral Health Services Act (BHSA), expanding it to include treatment of substance use disorders, changing the county planning process, and expanding services for which counties and the state can use funds. The bill would revise the distribution of MHSA moneys, including allocating up to \$36,000,000 to the department for behavioral health workforce funding. The bill would authorize the department to require a county to implement specific evidence-based practices. This bill would require a county, for behavioral health services eligible for reimbursement pursuant to the federal Social Security Act, to submit the claims for reimbursement to the State Department of Health Care Services (the department) under specific circumstances. The bill would</p>		

			require counties to pursue reimbursement through various channels and would authorize the counties to report issues with managed care plans and insurers to the Department of Managed Health Care or the Department of Insurance.		
SB 341 Becker	Chaptered 10/11/2023	Senate Chaptered	Housing development. Current law establishes the Infill Infrastructure Grant Program of 2019, which requires the department, upon appropriation of funds by the Legislature, to establish and administer a grant program to allocate those funds to eligible applicants, as defined, to fund capital improvement projects that are an integral part of, or necessary to facilitate the development of, a qualifying infill project, qualifying infill area, or catalytic qualifying infill area pursuant to specified requirements. Current law requires the department, in its review and ranking of applications for the award of capital improvement project grants, to rank affected qualifying infill areas based on specified priorities. This bill, with respect to the Infill Infrastructure Grant Program of 2019, would specify that only the qualifying infill area portion of that program must be awarded additional points or preference. This bill would add the qualifying infill area and catalytic qualifying infill area portions of the Infill Infrastructure Grant Program of 2019 as one of the specified state programs for which additional points or preference is awarded. This bill would also make technical changes to the provisions of the programs.		
SB 381 Min	Chaptered 10/13/2023	Senate Chaptered	Electric bicycles: study. Existing law defines an electric bicycle to mean a bicycle equipped with fully operable pedals and an electric motor of less than 750 watts, and subjects a person riding an electric bicycle to provisions of law governing the operation of a bicycle. This bill would require the Mineta Transportation Institute at San Jose State University, in consultation with relevant stakeholders, to, on or before January 1, 2026, conduct a study on electric bicycles to inform efforts to improve the safety of users of the transportation system, and to submit a report of the findings from the study to the Legislature. The bill would require the study to examine, identify, and analyze available information regarding, among other things, data on injuries, crashes, emergency room visits, and deaths related to bicycles and electric bicycles and best practices for policy to promote safe use of electric bicycles. This bill contains other related provisions and other existing laws.		
SB 405 Cortese	Amended 4/26/2023	Senate Dead	Planning and zoning: housing element: inventory of sites: regional housing need. The Planning and Zoning Law requires each county and each city to adopt a comprehensive, long-term general plan for the physical development of the county or city, and specified land outside its boundaries, that includes specified mandatory elements, including a housing element. Current law also establishes a planning agency in each city and each county with the powers necessary to carry out the Planning and Zoning Law. Current law requires the housing element to include, among other things, an inventory of land suitable and available for residential development. For a housing element or amendment adopted on or after January 1, 2021, existing law requires the planning agency to submit to the Department of Housing and Community Development an electronic copy of its inventory, as specified. Existing law requires a county or city to submit each revision or amendment of its housing element to the department promptly following adoption of the revision or amendment and requires the department, within 90 days, to review the adopted housing element or amendment and report its findings to the planning agency. This bill would expand the requirement to submit an electronic copy of the above-described inventory to the department to additionally require the planning agency to submit a housing element or amendment prepared on or after January 1, 2021.		

SB 406 Cortese	Chaptered 9/1/2023	Senate Chaptered	<p>California Environmental Quality Act: exemption: financial assistance: residential housing. The California Environmental Quality Act (CEQA) requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. CEQA exempts for its requirements actions taken by the Department of Housing and Community Development or the California Housing Finance Agency to provide financial assistance or insurance for the development and construction of residential housing, as provided. This bill would extend the above exemption to actions taken by a local agency not acting as the lead agency to provide financial assistance or insurance for the development and construction of residential housing, as provided.</p>		
SB 423 Wiener	Chaptered 10/11/2023	Senate Chaptered	<p>Land use: streamlined housing approvals: multifamily housing developments. Would authorize the Department of General Services to act in the place of a locality or local government, at the discretion of that department, for purposes of the ministerial, streamlined review for development in compliance with the specified-described requirements on property owned by or leased to the state. The bill would extend the operation of the streamlined, ministerial approval process to January 1, 2036. The bill would provide that the streamlined, ministerial approval process does not apply to applications for developments proposed on qualified sites, defined as a site that is located within an equine or equestrian district and meets certain other requirements, that are submitted on or after January 1, 2024, but before July 1, 2025. This bill would modify the specified-described objective planning standards, including by revising the standard that prohibits a multifamily housing development from being subject to the streamlined, ministerial approval process if the development is located in a coastal zone to apply only if the development located in the coastal zone meets any one of specified conditions. The bill would require that a development located in a coastal zone that satisfies the specified conditions obtain a coastal development permit. The bill would require a local government to approve a coastal development permit if it determines that the development is consistent with all objective standards of the local government’s certified local coastal program, as specified. The bill would provide that the changes made by this act would apply in a coastal zone on or after January 1, 2025 This bill would modify the objective planning standard that prohibits a development subject to the streamlined, ministerial approval process from being located in a high fire severity zone by deleting the prohibition for a development to be located within a high or very high fire hazard severity zone as indicated on maps adopted by the Department of Forestry and Fire Protection, and would instead prohibit a development from being located with the state responsibility area, as defined, unless the site has adopted specified standards. The bill would also remove an exception for sites excluded from specified hazard zones by a local agency, as specified.</p>		
SB 434 Min	Chaptered 10/7/2023	Senate Chaptered	<p>Transit operators: street harassment survey. Existing law creates various transit districts throughout the state, with specified powers and duties relative to providing public transit service. Existing law provides various provisions applicable to all public transit and transit districts. Existing law requires the Mineta Transportation Institute at San Jose State University to, on or before December 31, 2023, develop and make available on its internet website a survey for the purpose of promoting consistency in the collection of specified survey data to inform efforts to improve the safety of riders and reduce street harassment on public transit. This bill would require a transit operator, as defined, to collect and publish specified survey data for the purpose of informing efforts to improve the safety of riders and reduce street harassment on public transit on or before December 31, 2024, to the extent feasible with the funding it receives to conduct these activities from the Department of Transportation under a funding agreement with a transit operator to collect and publish</p>		

			that survey data that the bill would require the department to enter into on or before July 1, 2024. The bill would require a transit operator to conduct outreach activities with subpopulations of riders who are underrepresented in surveys and impacted by street harassment to gain insight into the perspectives of these riders based on their experiences. The bill would authorize a transit operator to collect survey data in multiple languages to reach limited-English-proficient riders impacted by street harassment, as provided. The bill would require a transit operator to publish and make publicly available on its internet website the survey data collected pursuant to these provisions and promptly notify the Governor and the Legislature of publication of the survey data. The bill would provide that specified information collected by a transit operator in the 5 years before the effective date of this bill is deemed to be survey data collected by the transit operator for purposes of the bill, and that specified outreach activity conducted by a transit operator in the 5 years before the effective date of this bill is deemed to be outreach activity conducted by the transit operator for purposes of the bill. To the extent the bill imposes additional duties on a local agency, the bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.		
SB 439 Skinner	Chaptered 10/11/2023	Senate Chaptered	Special motions to strike: priority housing development projects. Current law permits any party to file a notice of motion and motion to strike the whole or any part of a pleading. Under current law, a party may file with the trial court a special motion to strike a cause of action against a person arising from any act of that person in furtherance of the person’s right of petition or free speech under the United States Constitution or the California Constitution in connection with a public issue. This bill would permit a party to file with the trial court a special motion to strike the whole or any part of a pleading in all civil actions brought by any plaintiff to challenge the approval or permitting of a priority housing development project, as defined. The bill would require the trial court to deny the motion to strike if it determines that the plaintiff has established that there is a probability that the plaintiff will prevail on the claim. The bill would entitle a prevailing defendant on a special motion to strike to recover their attorney’s fees and costs, except as specified. Except as specified, the bill would require the filing of a special motion to strike within 60 days of the service of the complaint, or in the court’s discretion, at any later time the court deems proper. The bill would provide that if the court determines the administrative record is required for its decision, the moving party may, notwithstanding the filing deadlines above, file the special motion to strike within 60 days of the service of the administrative record or, in the court’s discretion, at any later time the court deems proper.		
SB 440 Skinner	Amended 6/30/2023	Assembly 2 year	Regional Housing Finance Authorities. The San Francisco Bay Area Regional Housing Finance Act establishes the Bay Area Housing Finance Authority to raise, administer, and allocate funding for affordable housing in the San Francisco Bay area, as defined, and provide technical assistance at a regional level for tenant protection, affordable housing preservation, and new affordable housing production. The Los Angeles County Regional Housing Finance Act similarly establishes the Los Angeles County Affordable Housing Solutions Agency to increase the supply of affordable housing in Los Angeles County, as specified. This bill, the Regional Housing Finance Act, would authorize 2 or more local governments, as defined, to establish a regional housing finance authority to raise, administer, and allocate funding for affordable housing in the jurisdiction of the authority, as defined, and provide technical assistance at a regional level for affordable housing development, including new construction and the preservation of existing housing to serve a range of incomes and housing types. The bill would require an authority to be governed by a board composed of at least 3 directors who are elected officials representing the local governments that are members of the authority.		

<p>SB 466 Wahab</p>	<p>Amended 5/15/2023</p>	<p>Senate Dead</p>	<p>Costa-Hawkins Rental Housing Act: rental rates. The Costa-Hawkins Rental Housing Act prescribes statewide limits on the application of local rent control with regard to certain properties. The act generally authorizes an owner of residential real property to establish the initial rental rate for a dwelling or unit, except in specified circumstances, including, (1) when the residential real property has a certificate of occupancy issued after February 1, 1995, (2) when the residential real property has already been exempt from the residential rent control ordinance of a public entity on or before February 1, 1995, pursuant to a local exemption for newly constructed units, and (3) when the residential real property is alienable and separate from title to any other dwelling units, except as specified. This bill would instead authorize an owner of residential real property to establish the initial rental rate for a dwelling or unit when the residential real property has been issued a certificate of occupancy within the 28 years preceding the date on which the owner seeks to establish a rental rate under these provisions, except as specified for dwellings or units exempt from the residential rent control ordinance of a public entity on or before February 1, 1995, pursuant to a local exemption for newly constructed units.</p>		
<p>SB 469 Allen</p>	<p>Chaptered 9/8/2023</p>	<p>Senate Chaptered</p>	<p>Housing: publicly funded low-rent housing projects. The California Constitution prohibits the development, construction, or acquisition in any manner of a low-rent housing project by any state public body, as defined, until a majority of the qualified electors of the city, town, or county in which it is proposed to develop, construct, or acquire the same, voting upon that issue, approve the project by voting in favor at an election. The California Constitution, for purposes of this prohibition, defines “low-rent housing project” to mean any development composed of urban or rural dwellings, apartments, or other living accommodations for persons of low income, financed in whole or in part by the federal government or a state public body, or to which the federal government or a state public body extends assistance by supplying all or part of the labor, by guaranteeing the payment of liens, or otherwise. Current law establishes exclusions from this definition of “low-rent housing project,” including a development that consists of the acquisition, rehabilitation, reconstruction, alterations work, or any combination thereof, of lodging facilities or dwelling units using moneys appropriated and disbursed pursuant to specified provisions of the Zenovich-Moscone-Chacon Housing and Home Finance Act relating to affordable housing preservation, rental housing development awarded funds from certain multifamily housing direct loan programs, and housing for individuals and families who are experiencing homelessness or who are at risk of homelessness and who are impacted by the COVID-19 pandemic or other communicable diseases. This bill would expand that exclusion to include a development that consists of the acquisition, rehabilitation, reconstruction, alterations work, or any combination thereof, of lodging facilities or dwelling units using an allocation of federal or state low-income housing tax credits from the California Tax Credit Allocation Committee or moneys appropriated and disbursed pursuant to the Zenovich-Moscone-Chacon Housing and Home Finance Act, and the Affordable Housing and Sustainable Communities Program, thereby excluding the developments that receive money from the specified funds and programs from the scope of the above-described constitutional provision.</p>		
<p>SB 482 Blakespear</p>	<p>Chaptered 10/11/2023</p>	<p>Senate Chaptered</p>	<p>Multifamily Housing Program: supportive housing: capitalized operating reserves. Current law establishes eligible cost categories for the Multifamily Housing Program, which include capitalized reserves for replacement and operation. In this regard, existing law authorizes the Department of Housing and Community Development to allow capitalized operating reserves to be used for rent subsidies for assisted units, as specified. This bill would specify that the department may allow capitalized operating reserves to be used for eligible projects, and that assisted units may include, but not be limited to, supportive housing units, as defined. To determine project eligibility for capitalized</p>		

			operating reserves, the bill would authorize the department to consider specified factors, including the availability of funds and the individual financial needs of the project. The bill would require the department to offer capitalized operating reserves to supportive housing units after developers have sought capitalized reserves from other potential funding sources.		
SB 507 Gonzalez	Amended 4/17/2023	Senate Dead	Electric vehicle charging station infrastructure: assessments. Would establish a goal of putting at least 8,000,000 zero-emission vehicles on California roads by 2030 for purposes of the statewide assessment and would require the State Energy Resources Conservation and Development Commission to also assess the electric vehicle charging infrastructure needed to support the levels of electric vehicle adoption required for the state to meet the goal of ensuring 100% of new cars and light trucks sold in California are zero-emission vehicles by 2035, and evaluate the electric vehicle charging infrastructure needs of specified use cases to ensure an equitable deployment of electric vehicle charging infrastructure.		
SB 517 Gonzalez	Amended 3/22/2023	Assembly Dead	Economic development: movement of freight. Current law authorizes GO-Biz to undertake various activities relating to economic development, including the provision of prescribed information. Current law requires the Transportation Agency to prepare a state freight plan that provides a comprehensive plan to govern the immediate and long-range planning activities and capital investments of the state with respect to the movement of freight. This bill would authorize GO-Biz to serve as the coordinating entity to steer the growth, competitiveness, and sustainability for freight and the supply chain across the state and to promote and assess the continued economic vitality, economic competitiveness, and sustainability of the freight sector. The bill would also authorize GO-Biz to provide freight and supply chain economic competitiveness information.		
SB 532 Wiener	Amended 6/25/2024	Assembly P. & C.P.	Parking payment zones. Current law allows a local authority to establish parking meter zones and fix the rate of fees for those zones by ordinance. Current law prohibits a local authority from requiring payment of parking meter fees by a mobile device, as specified. This bill would instead authorize, until January 1, 2035, in the City and County of San Francisco, a local authority to require payment of parking fees by a mobile device, if it meets certain requirements, such as adopting an accessible and equitable parking cash payment plan that does not utilize parking meters or payment centers in parking payment zones to provide reasonably accessible alternative means for payment of parking fees using cash.		
SB 555 Wahab	Chaptered 10/7/2023	Senate Chaptered	Stable Affordable Housing Act of 2023. Current law establishes various programs providing assistance for, among other things, emergency housing, multifamily housing, farmworker housing, homeownership for very low and low-income households, and downpayment assistance for first-time homebuyers. Current law requires the department to, on or before December 31 of each year, submit an annual report to the Governor and both houses of the Legislature on the operations and accomplishments during the previous fiscal year of the housing programs administered by the department, as prescribed. This bill, the Stable Affordable Housing Act of 2023, would require the department, no later than December 31, 2026, to complete a California Social Housing Study consisting of a comprehensive analysis of the opportunities, resources, obstacles, and recommendations for the creation of housing that is affordable, as defined, and social housing, as defined, at scale, to assist in meeting the need identified in the statewide projections for below market rate housing affordable to households with extremely low, very low, low, and moderate incomes in the 6th Regional Housing Needs Assessment cycle.		

SB 614 Blakespear	Introduced 2/15/2023	Senate Dead	<p>Transportation Development Act. The Mills-Alquist-Deddeh Act, also known as the Transportation Development Act, provides for funding of local public transit systems throughout the state, as provided. The act makes legislative findings and declarations in that regard. This bill would make nonsubstantive changes to the legislative findings and declarations of the act.</p>		
SB 617 Newman	Chaptered 10/4/2023	Senate Chaptered	<p>Public contracts: progressive design-build: local and regional agencies: transit. Current law, until January 1, 2029, authorizes local agencies, defined as any city, county, city and county, or special district authorized by law to provide for the production, storage, supply, treatment, or distribution of any water from any source, to use the progressive design-build process for up to 15 public works projects in excess of \$5,000,000 for each project that treats, pumps, stores, or conveys water, wastewater, recycled water, advanced treated water, or supporting facilities. Current law defines “progressive design-build” as a project delivery process in which both the design and construction of a project are procured from a single entity that is selected through a qualifications-based selection at the earliest feasible stage of the project. Current law requires the selected entity and its general partners or joint venture members to verify specified information under penalty of perjury. Current law requires local agencies to report to the Legislature by January 1, 2028, regarding the use of the progressive design-build process, as specified. This bill, until January 1, 2029, would similarly authorize a transit district, municipal operator, consolidated agency, joint powers authority, regional transportation agency, or local or regional agency, as described, to use the progressive design-build process for up to 10 public works projects in excess of \$5,000,000 for each project.</p>		
SB 684 Caballero	Chaptered 10/11/2023	Senate Chaptered	<p>Land use: streamlined approval processes: development projects of 10 or fewer residential units on urban lots under 5 acres. The Subdivision Map Act vests the authority to regulate and control the design and improvement of subdivisions in the legislative body of a local agency and sets forth procedures governing the local agency’s processing, approval, conditional approval or disapproval, and filing of tentative, final, and parcel maps, and the modification thereof. The Planning and Zoning Law contains various provisions requiring a local government that receives an application for certain types of qualified housing developments to review the application under a streamlined, ministerial approval process depending on the type of housing development, as specified. Current law, known as the Starter Home Revitalization Act of 2021, requires a city or county to approve an application for a small home lot housing development project, as defined, on a proposed site to be subdivided unless the city or county makes a finding related to the development’s compliance with certain requirements or the development’s specific, adverse public health or safety impact. This bill would require a local agency to ministerially consider, without discretionary review or a hearing, a parcel map or a tentative and final map for a housing development project that meets specified requirements. In this regard, the bill would require the proposed subdivision to result in 10 or fewer parcels and the housing development project to, among other things, consist of 10 or fewer residential units, meet certain minimum parcel size and density requirements, and be located on a lot zoned for multifamily residential development that is no larger than 5 acres and is substantially surrounded by qualified urban uses. The bill would exempt the housing development project from certain requirements relating to minimum parcel size and dimensions and the formation of a homeowners’ association, except as specified.</p>		

SB 710 Durazo	Chaptered 10/8/2023	Senate Chaptered	<p>Sale of excess state highway property: State Highway Route 710 Terminus. Current law, if the Department of Transportation determines that real property, or an interest in the property, acquired for highway purposes is no longer necessary for those purposes, authorizes the department to sell or exchange the property or property interest in the manner and upon terms, standards, and conditions established by the California Transportation Commission, as provided. Current law authorizes the California Transportation Commission to relinquish a portion of State Highway Route 710. This bill would require the department to establish and administer a Terminus Regional Planning Task Force, as provided, to meet quarterly and complete and submit a report to the Legislature on the issues of traffic and potential land use related to the State Route 710 Terminus adjacent areas, as defined. The bill would repeal these provisions on January 1, 2027.</p>		
SB 712 Portantino	Chaptered 10/9/2023	Senate Chaptered	<p>Tenancy: personal micromobility devices. Would prohibit a landlord from prohibiting a tenant from owning personal micromobility devices or from storing and recharging up to one personal micromobility device in their dwelling unit for each person occupying the unit, subject to certain conditions and exceptions. The bill would define “personal micromobility device” for those purposes to mean a device that is powered by the physical exertion of the rider or an electric motor and is designed to transport one individual or one adult accompanied by up to 3 minors.</p>		
SB 713 Padilla	Chaptered 10/11/2023	Senate Chaptered	<p>Planning and zoning: density bonuses: development standard. The Density Bonus Law requires a city or county to provide a developer that proposes a housing development within the city or county with a density bonus, waivers or reductions of development standards, parking ratios, and other incentives or concessions, as specified, if the developer agrees to construct certain types of housing. Current law prohibits a city, county, or city and county from applying any development standard that will have the effect of physically precluding the construction of a development meeting specified criteria at the densities or with the concessions or incentives permitted by the Density Bonus Law. Current law defines “development standard” as including a site or construction condition, including, but not limited to, a height limitation, a setback requirement, a floor area ratio, an onsite open-space requirement, a minimum lot area per unit requirement, or a parking ratio that applies to a residential development pursuant to any ordinance, general plan element, specific plan, charter, or other local condition, law, policy, resolution, or regulation. This bill would specify that “development standard” for these purposes includes these standards adopted by the local government or enacted by the local government’s electorate exercising its local initiative or referendum power, whether that power is derived from the California Constitution, statute, or the charter or ordinances of the local government. The bill would include findings that changes proposed by this bill address a matter of statewide concern rather than a municipal affair and, therefore, apply to all cities, including charter cities.</p>		
SB 735 Cortese	Amended 6/27/2024	Assembly Appropriations	<p>San Francisco Bay Area Regional Housing Finance Act: expenditure of funds: public works. The San Francisco Bay Area Regional Housing Finance Act establishes the Bay Area Housing Finance Authority to raise, administer, and allocate funding for affordable housing in the San Francisco Bay area, as defined, and provide technical assistance at a regional level for tenant protection, affordable housing preservation, and new affordable housing production. The act vests the authority with various powers, including authorizing it to place a measure on the ballot to raise revenue and allocate funds throughout the San Francisco Bay area, apply for and receive grants or loans from public and private entities, incur and issue bonds and other indebtedness, and otherwise incur liabilities or obligations, as specified. The act authorizes the authority to allocate and deploy financing to cities, counties, other public agencies within the San Francisco Bay area, and private affordable housing developers to finance affordable housing development, as specified. The act requires revenue generated pursuant to the act be used for the construction of new affordable housing,</p>		

			<p>affordable housing preservation, tenant protection programs, planning and technical assistance related to affordable housing, and for infrastructure to support housing and other purposes, as specified.</p> <p>Under this bill, a construction or rehabilitation project receiving funding or financing from revenue under the act, as specified, would constitute a public work for which prevailing wages are required to be paid pursuant to current law. The bill would require that certain projects with 40 units or more be eligible to receive funding or financing from revenue generated under the act only if all construction and rehabilitation will be subject to a project labor agreement, as defined, with the same terms as the San Francisco Bay Area Rapid Transit District Major Projects Project Stabilization Agreement, as specified and defined, except that if a regional or countywide project labor agreement, as defined, that meets certain requirements is negotiated, then the bill would provide that those projects are eligible for funding or financing from the agency only if all construction and rehabilitation is subject to that project labor agreement.</p>		
<p>SB 747 Caballero</p>	<p>Chaptered 10/11/2023</p>	<p>Senate Chaptered</p>	<p>Land use: surplus land. Current law prescribes requirements for the disposal of surplus land by a local agency. Current law defines terms for these purposes. Existing law defines “surplus land” to generally mean land owned in fee simple by a local agency for which the local agency’s governing body takes formal action in a public meeting declaring that the land is surplus and not necessary for the agency’s use. Current law defines “agency’s use” to include land that is being used, is planned to be used pursuant to a written plan adopted by the local agency’s governing board, or is disposed of to support agency work or operations. Current law excludes from “agency’s use” commercial or industrial uses or activities, or property disposed of for the sole purpose of investment or generation of revenue, unless the local agency is a district, except as specified, and the agency’s governing body takes specified actions in a public meeting. Current law excludes from these requirements the disposal of exempt surplus land by an agency of the state or any local government. Current law requires a local agency to declare land as either surplus land or exempt surplus land, as supported by written findings, before a local agency may take any action to dispose of it. Under existing law, exempt surplus land includes, among other types of land, property that is used by a district for an “agency’s use” as expressly authorized, land for specified developments, including a mixed-use development, if put out to open, competitive bid by a local agency, as specified, and surplus land that is subject to specified valid legal restrictions. This bill would define the term “dispose” for these purposes to mean the sale of the surplus property or a lease of any surplus property entered into on or after January 1, 2024, for a term longer than 15 years, including renewal options, as specified.</p>		
<p>SB 768 Caballero</p>	<p>Amended 5/29/2024</p>	<p>Assembly Appropriations Suspense File</p>	<p>California Environmental Quality Act: Transportation Agency: vehicle miles traveled: study. Current law requires the Office of Planning and Research to prepare, develop, and transmit to the Secretary of the Natural Resources Agency for certification and adoption proposed revisions to guidelines establishing criteria for determining the significance of transportation impacts of projects within transit priority areas to promote the reduction of greenhouse gas emissions, the development of multimodal transportation networks, and a diversity of land uses. Current law establishes the Transportation Agency in state government with various duties and responsibilities. The agency is under the supervision of the Secretary of Transportation, who has the power of general supervision over specified departments and offices, including the Department of Transportation. This bill would require the Transportation Agency, in consultation with local governments and other interested parties, as specified, by January 1, 2028, and subject to an appropriation by the Legislature for this purpose, to conduct and post on its internet website a study on how vehicle miles traveled is used as a</p>		

			metric for measuring transportation impacts pursuant to the California Environmental Quality Act (CEQA). The bill would require the study to include, among other things, an analysis of the differences in the availability and feasibility of mitigation measures for vehicle miles traveled in rural, suburban, and urban areas. The bill would repeal those provisions on January 1, 2029.		
SB 822 Durazo	Vetoed 10/8/2023	Senate Vetoed	Workforce development: Interagency High Road Act. Current law requires the California Workforce Development Board to assist the Governor in promoting the development of a well-educated and highly skilled 21st century workforce, and the development of a high road economy that offers an educated and skilled workforce with fair compensation and treatment in the workplace. Current law also requires the board to assist in developing standards, procedures, and criteria for high road employers, high road jobs, high road workforce development, and high road training partners, as specified. Current law defines “high road” for these purposes to mean a set of economic and workforce development strategies to achieve economic growth, economic equity, shared prosperity, and a clean environment. This bill would require the Department of Industrial Relations and the California Workforce Development Board, within the Labor and Workforce Development Agency, to collectively be responsible for oversight and decisionmaking, including, among other duties, creating high road evaluation metrics, consulting with stakeholders, and providing for meaningful public input on the development and evaluation of high road evaluation metrics. The bill would require the board to also assist in developing standards, procedures, and criteria for high road contracting and high road procurement, as specified. The bill would require, upon request by a state agency, the board to establish memorandums of understanding to incorporate high road evaluation metrics in the state agency’s procurement processes, contracts, and incentive programs. The bill would make these provisions effective only until January 1, 2030, and repeal them as of that date.		
SB 827 Glazer	Amended 6/24/2024	Assembly Judiciary	San Francisco Bay Area Rapid Transit District: Office of the BART Inspector General. Current law establishes the San Francisco Bay Area Rapid Transit District (BART), governed by a board of directors, with specified powers and duties relative to the construction and operation of a rapid transit system. Current law also establishes the independent Office of the BART Inspector General within BART and specifies the duties and responsibilities of the BART Inspector General including, among others, conducting, supervising, and coordinating audits and investigations relating to the district’s programs and operations. This bill would provide that the BART Inspector General is vested with the full authority to exercise all responsibility for maintaining a full scope, independent, and objective audit and investigation program. The bill would provide the office with access and authority to examine all records, files, documents, accounts, reports, correspondence, or other property of the district and external entities that perform work for the district. The bill would provide that all books, papers, records, and correspondence of the office are public records subject to the California Public Records Act, but would prohibit the BART Inspector General from releasing certain types of records to the public, except under certain circumstances.		
SB 834 Portantino	Amended 2/22/2024	Assembly Rules	Vehicles: preferential parking: residential, commercial, or other development project. Current law authorizes the legislative body of a city or a county to adopt ordinances establishing requirements for parking, and permits variances to be granted from the parking requirements of a zoning ordinance for nonresidential development if the variance will be an incentive to the development and the variance will facilitate access to the development by patrons of public transit facilities. Current law prohibits a public agency from imposing any minimum automobile parking requirement on any residential, commercial, or other development project, as defined, that is located within 1/2 mile of public transit, as defined. Current law, notwithstanding the above-described prohibition, authorizes a city, county, or city and county to impose or enforce minimum automobile parking requirements on a		

			housing development project if specified conditions are met. Current law authorizes a local authority to authorize preferential parking for designated groups to park on specified streets if the local authority determines that use of the permits will not adversely affect parking conditions for residents and merchants in the area. This bill would prohibit a local authority from issuing any permit conferring preferential parking privileges to any residents or vendors of any developments within 1/2 mile of public transit and exempt from parking minimums. The bill would require the local authority to revise the boundaries of any such preferential parking district to exclude those developments from its boundaries. The bill would make related findings and declarations, and state that it is the intent of the Legislature to discourage car use by incentivizing development near public transit.		
SB 867 Allen	Chaptered 7/3/2024	Senate Chaptered	Safe Drinking Water, Wildfire Prevention, Drought Preparedness, and Clean Air Bond Act of 2024. Would enact the Safe Drinking Water, Wildfire Prevention, Drought Preparedness, and Clean Air Bond Act of 2024, which, if approved by the voters, would authorize the issuance of bonds in the amount of \$10,000,000,000 pursuant to the State General Obligation Bond Law to finance projects for safe drinking water, drought, flood, and water resilience, wildfire and forest resilience, coastal resilience, extreme heat mitigation, biodiversity and nature-based climate solutions, climate-smart, sustainable, and resilient farms, ranches, and working lands, park creation and outdoor access, and clean air programs.		
SB 904 Dodd	Amended 3/21/2024	Assembly Appropriations	Sonoma-Marin Area Rail Transit District. Current law creates, within the Counties of Sonoma and Marin, the Sonoma-Marin Area Rail Transit District with specified duties and powers relative to the provision of a passenger and freight rail system within the territory of the district. Under current law, the district is governed by a 12-member board of directors appointed by various local governmental entities. Current law authorizes the board to submit to the voters of the district a measure proposing a retail transactions and use tax ordinance. This bill would also authorize those special taxes to be imposed by a qualified voter initiative if that initiative complies with certain requirements. The bill would require the board of supervisors of the Counties of Sonoma and Marin to call a special election on a tax measure proposed by the district's board of directors or a qualified voter initiative in their respective counties, as specified. To the extent that the bill would impose additional duties on a county elections official, the bill would impose a state-mandated local program. The bill would delete a provision that limits the district, in the County of Sonoma north of the City of Healdsburg, to locating commuter stations only within incorporated areas.		
SB 915 Cortese	Amended 5/16/2024	Assembly Dead	Local government: autonomous vehicle service. Current law authorizes an autonomous vehicle, as defined, to be operated on public roads for testing purposes by a driver who possesses the proper class of license for the type of vehicle being operated if certain requirements are met, including that the vehicle is being operated solely by employees, contractors, or other persons designated by the manufacturer. Current law prohibits an autonomous vehicle from being operated on public roads until the manufacturer submits an application to the Department of Motor Vehicles containing certain certifications regarding safety and other technological requirements and the department approves that application pursuant to adopted regulations. Current law, commencing January 1, 2030, and to the extent authorized by federal law, prohibits the operation of certain new autonomous vehicles that are not zero-emission vehicles, as defined. This bill would authorize a city with a population of 250,000 or greater that an autonomous vehicle service, as defined, has received authorization by the Department of Motor Vehicles, the Public Utilities Commission, or any other applicable state agency to operate, to protect the public health, safety, and welfare by enacting an ordinance in regard to autonomous vehicle services within that jurisdiction. The bill would require each city that enacts an ordinance to include certain provisions within that ordinance. These would include a policy for entry		

			into the business of providing autonomous vehicle services including a permitting program that includes, among other things, the establishment of reasonable vehicle caps and hours of service restrictions. The bill would authorize a city with a population of less than 250,000 that shares a border or is contiguous to a city that has enacted an autonomous vehicle services ordinance to enact an ordinance substantially consistent with that autonomous vehicle services ordinance.		
SB 936 Seyarto	Amended 6/20/2024	Assembly Appropriations	Office of Planning and Research: study: road safety projects. Would require the Office of Planning and Research (OPR), in coordination with the Department of Transportation, to conduct a study to identify certain locations in the state highway system with regard to vehicle collisions, projects that could improve road safety at each of those locations, and common factors, if any, contributing to the delay in the delivery of those projects. The bill would require OPR to post the study on its internet website on or before January 1, 2026.		
SB 946 McGuire	Amended 7/3/2024	Assembly Appropriations	Personal Income Tax Law: Corporation Tax Law: exclusions: wildfire mitigation payments. Would, for taxable years beginning on or after January 1, 2024, and before January 1, 2029, provide an exclusion from gross income for amounts received by a qualified taxpayer, as defined, as a California qualified wildfire loss mitigation payment, as defined. This bill contains other related provisions and other existing laws.		
SB 951 Wiener	Amended 6/27/2024	Assembly Appropriations	California Coastal Act of 1976: coastal zone: coastal development. Current law requires a city or county to prepare and adopt a general plan for its jurisdiction that contains certain mandatory elements, including a housing element. Current law requires the housing element to identify adequate sites for housing, including rental housing, factory-built housing, mobilehomes, and emergency shelters, among other things. Current law requires the housing element to contain an assessment of housing needs and an inventory of resources and constraints relevant to the meeting of these needs. Current law requires rezoning, including adoption of minimum density and development standards, as specified, when an inventory of sites does not identify adequate sites to accommodate the need for groups of specified household income levels. This bill would, for a jurisdiction within the coastal zone that has not identified adequate sites to accommodate the locality's housing need for a designated income level, require completion of any necessary local coastal program amendments related to land use designations, changes in intensity of land use, zoning ordinances, or zoning district maps, as specified.		
SB 960 Wiener	Amended 7/3/2024	Assembly Appropriations	Transportation: planning: complete streets facilities: transit priority facilities. Current law requires the Department of Transportation to improve and maintain the state's highways, and establishes various programs to fund the development, construction, and repair of local roads, bridges, and other critical transportation infrastructure in the state, including the state highway operation and protection program (SHOPP). Current law requires the department, in consultation with the California Transportation Commission, to prepare a robust asset management plan to guide selection of projects for the SHOPP. Current law requires the commission, in connection with the plan, to adopt targets and performance measures reflecting state transportation goals and objectives. Existing law requires the department to develop, in consultation with the commission, a plain language performance report to increase transparency and accountability of the SHOPP. This bill would require the targets and performance measures adopted by the commission to include targets and performance measures reflecting state transportation goals and objectives for complete streets assets that reflect the existence and conditions of bicycle, pedestrian, and transit priority facilities on the state highway system. The bill would require the department's plain language performance report to include a description of complete streets facilities, including pedestrian, bicycle, and transit priority facilities on each project, as specified.	Support in Concept	

SB 961 Wiener	Amended 6/21/2024	Assembly Appropriations	<p>Vehicles: safety equipment. Would require, commencing with the 2030 model year, certain new vehicles to be equipped with a passive intelligent speed assistance system, as specified, that would utilize a brief, one-time, visual and audio signal to alert the driver each time the speed of the vehicle is more than 10 miles per hour over the speed limit. The bill would require all specified vehicles to be capable of having the system fully disabled, by the manufacturer or a franchisee, as specified. The bill would require the system, if the system receives conflicting speed limits for the same area, to apply the higher speed limit. The bill would exempt emergency vehicles and certain passenger vehicles from this requirement.</p>		
SB 968 Seyarto	Introduced 1/24/2024	Senate Dead	<p>Planning and zoning: regional housing needs allocation. Current law requires each council of governments or delegate subregion, as applicable, to develop a proposed methodology for distributing the existing and projected regional housing need to cities, counties, and cities and counties within the region or within the subregion, as provided. Current law requires the consideration of several specified factors in developing the methodology. Current law prohibits certain criteria from being a justification for a determination or reduction in a jurisdiction’s share of the regional housing need, including prior underproduction of housing in a city or county from the previous regional housing need allocation, as specified. This bill would permit the council of governments or delegate subregion, in developing the methodology, to consider prior overproduction of housing units in a city or county from the previous regional housing need allocation in a particular income category and to count it as credit toward the future regional housing need allocation of that same income category in the next cycle. The bill would provide that the amount eligible to count as credit toward the next cycle is determined by each jurisdiction’s most recent annual progress report, as specified.</p>		
SB 1011 Jones	Introduced 2/5/2024	Senate Dead	<p>Encampments: penalties. Under current law, a nuisance is anything that is injurious to health or indecent or offensive to the senses, or an obstruction to the free use of property, so as to interfere with the comfortable enjoyment of life or property. Current law also provides that a nuisance is anything that obstructs the free passage or use of any public park, square, street, or highway, among other things. Under current law, a public nuisance is a nuisance that affects the entire community, neighborhood, or a considerable number of persons. Current law provides various remedies against a public nuisance, including abatement by any public body or officer authorized by law. This bill would prohibit a person from sitting, lying, sleeping, or storing, using, maintaining, or placing personal property upon a street or sidewalk if a homeless shelter, as defined, is available to the person. The bill would also prohibit sitting, lying, sleeping, or storing, using, maintaining, or placing personal property within 500 feet of a public or private school, open space, or major transit stop, as specified. The bill would specify that a violation of this prohibition is a public nuisance that can be abated and prevented, as specified. The bill would also provide that a violation of the prohibition may be charged as a misdemeanor or an infraction, at the discretion of the prosecutor. The bill would prohibit a person from being found in violation of the bill’s provisions unless provided notice, at least 72 hours before commencement of any enforcement action, as specified.</p>		
SB 1031 Wiener	Amended 5/20/2024	Assembly Desk	<p>San Francisco Bay area: local revenue measure: transportation improvements. Current law creates the Metropolitan Transportation Commission as a local area planning agency for the 9-county San Francisco Bay area with comprehensive regional transportation planning and other related responsibilities. Current law creates various transit districts located in the San Francisco Bay area, with specified powers and duties relating to providing public transit services. This bill would authorize the commission to raise and allocate new revenue and incur and issue bonds and other indebtedness, as specified. In this regard, the bill would authorize the commission, until January 1, 2041, to impose a retail transactions and use tax, a regional payroll tax, a parcel tax, and a regional</p>	Sponsor	

			vehicle registration surcharge in all or a subset of the 9 counties of the San Francisco Bay area, except as specified, in accordance with applicable constitutional requirements. The bill would prohibit a tax or surcharge described above from being imposed for a period of time of more than 30 years. The bill would require the parcel tax to be collected by counties and the other 3 taxes to be collected by specified state agencies, and would require the net revenues from those taxes to be remitted to the commission, as prescribed.		
SB 1032 Padilla	Amended 5/16/2024	Assembly Appropriations	Housing finance: portfolio restructuring: loan forgiveness. Current law establishes various rental housing finance programs administered by the Department of Housing and Community Development. Current law authorizes the department to monitor and fund various multifamily housing loans. With respect to these programs and loans, existing law authorizes the department to approve an extension of a department loan, the reinstatement of a qualifying unpaid matured loan, the subordination of a department loan to new debt, or an investment of tax credit equity pursuant to specified rental housing finance programs and multifamily housing loans administered, monitored, or funded by the department, subject to specified requirements. This bill would additionally authorize the department to forgive the full amount of the principal, interest, fees, and other outstanding balances of the above-described loans if the borrower makes specified showings.		
SB 1054 Rubio	Amended 5/20/2024	Assembly Appropriations	Natural gas: customer credit. The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The act authorizes the state board to include the use of market-based compliance mechanisms in regulating those emissions. The implementing regulations adopted by the state board provide for the direct allocation of greenhouse gas allowances to electrical corporations and gas corporations pursuant to a market-based compliance mechanism. This bill would require the Public Utilities Commission to direct the balance of the revenues received by a gas corporation as a result of that allocation to be credited directly to the residential customers of the gas corporation, as specified.		
SB 1055 Min	Introduced 2/8/2024	Senate Dead	Accessory dwelling units: regional housing need. Current law requires the planning agency of a city or county to provide an annual report to its legislative body, the Office of Planning and Research, and the Department of Housing and Community Development by April 1 of each year that includes, among other information, the city's or county's progress in meeting its share of regional housing needs, as described. Existing law, the Planning and Zoning Law, authorizes a local agency, by ordinance or ministerial approval, to provide for the creation of accessory dwelling units in areas zoned for residential use, as specified. Current law authorizes a local agency to impose standards on accessory dwelling units that include, but are not limited to, parking, height, setback, landscape, architectural review, and maximum size of a unit. Current law prohibits a local agency from establishing height limitations for accessory dwelling units, including height limitations that would prohibit attached accessory dwelling units from attaining a height of 25 feet, as specified. This bill would prohibit a qualifying local agency from imposing height limitations that would prohibit an attached accessory dwelling unit from attaining a height of 16 feet, as specified. The bill would define "qualifying local agency" as a local agency that the Department of Housing and Community Development has determined that the number of housing units that have been entitled by the local agency, as shown on its most recent annual progress report, is greater than the local agency's share of the regional housing need, for the low- and very low income categories, prorated for that annual reporting period.		

SB 1079 Menjivar	Amended 5/16/2024	Assembly Housing and Community Development	Youth Housing Bond Act of 2024. Would enact the Youth Housing Bond Act of 2024 (bond act), which, if adopted, would authorize the issuance of bonds in the amount of \$1,000,000,000 pursuant to the State General Obligation Bond Law to finance the Youth Housing Program, established as part of the bond act. The bill, as a part of the program, would require the Department of Housing and Community Development to make awards to local agencies, nonprofit organizations, and joint ventures for the purpose of acquiring, renovating, constructing, and purchasing equipment for youth centers or youth housing, as those terms are defined.		
SB 1187 McGuire	Introduced 2/14/2024	Assembly Appropriations Suspense File	Housing programs: Tribal Housing Reconstitution and Resiliency Act. Would enact the Tribal Housing Reconstitution and Resiliency Act and would create the Tribal Housing Grant Program Trust Fund to be administered by the Department of Housing and Community Development. The bill would require the fund, upon appropriation from the Legislature, to be allocated in accordance with a specified formula, as provided. This bill contains other related provisions.		
SB 1211 Skinner	Amended 4/23/2024	Assembly Appropriations	Land use: accessory dwelling units: ministerial approval. The Planning and Zoning Law authorizes a local agency, by ordinance, to provide for the creation of accessory dwelling units (ADUs) in areas zoned for residential use, as specified. That law prohibits, if a local agency adopts an ordinance to create ADUs in those zones, the local agency from requiring the replacement of offstreet parking spaces if a garage, carport, or covered parking structure is demolished in conjunction with the construction of, or is converted to, an ADU. This bill would also prohibit the local agency from requiring the replacement off offstreet parking spaces if an uncovered parking space is demolished in conjunction with the construction of, or is converted to, an ADU.		
SB 1212 Skinner	Amended 4/22/2024	Senate Dead	Real estate investment trusts: purchase, acquisition, and sale of housing. The bill would reset that 60-day timeline if the seller changes the asking price for the housing. The bill would prohibit a real estate investment trust that purchases or acquires any housing in compliance with these provisions from paying a final sales price that less than 95% of the publicly listed asking price. The bill would impose civil damages upon a real estate investment trust that violates these provisions in an amount not to exceed \$1,000,000. The bill would absolve a seller of housing from liability under these provisions if the seller obtains a written release signed by the buyer stating that the buyer is not a real estate investment trust.		
SBX1 2 Skinner	Chaptered 3/28/2023	Senate Chaptered	Energy: transportation fuels: supply and pricing: maximum gross gasoline refining margin. Current law requires operators of refineries in the state that produce gasoline meeting California specifications, within 30 days of the end of each calendar month, to submit a report to the State Energy Resources Conservation and Development Commission containing certain information regarding its refining activities related to the production of gasoline in that month. Current law requires the commission to notify a refiner that has failed to timely provide the required information and imposes a civil penalty on the refiner that fails to submit the required information within 5 days of being notified of the failure. This bill would authorize the commission to establish a maximum gross gasoline refining margin, as provided. The bill would require the commission, if the commission establishes the maximum gross gasoline refining margin, to establish a penalty for exceeding the maximum gross gasoline refining margin, as provided. The bill would authorize the commission to petition the court to enjoin a refiner from exceeding the maximum gross gasoline refining margin. The bill would also authorize the commission to impose an administrative civil penalty on a refiner for exceeding the maximum gross gasoline refining margin, as provided. The bill would require the commission to consider a refiner's request for an exemption from the maximum gross gasoline refining margin, as provided. The bill would require a refiner seeking an exemption to file a statement under the penalty of perjury setting forth the basis of the request for exemption.
