- 2.) Consistent with the process for requesting other transit operating revenues administered by MTC, operators will be required to submit a board resolution approving their request of SB125-related revenues as part of their annual claim, including acknowledgement of the Regional Accountability Measures, and operator-provided information on progress toward implementation of the measures.
- 3.) The Programming and Allocations Committee will receive a summary of operator progress toward the Regional Accountability Measures when they approve allocations of SB 125 funding. If sufficient progress has not been made, MTC may impose remedies that the operators must complete prior to receiving SB 125 funding and may withhold SB 125 funding until satisfactory progress has been made.
