

## **Clipper® Executive Board**

**July 28, 2025**

**Agenda Item 2c**

### **Customer Service and Technical Support for Transit Benefits Providers – Cubic Transportation Systems, Inc. (Cubic) (\$250,000)**

---

**Subject:**

Request for approval of a Change Order with Cubic to provide technical and customer assistance support to transit benefit providers in the Next Generation Clipper System.

**Background:**

For the current Clipper system, Cubic has provided customer and account service to transit benefit providers who place monthly orders for their customers through the Clipper program. However, this level of support is currently not included in the scope of work in the Next Generation Clipper Contract.

Once the transition to the Next Generation Clipper System begins, the transit benefit programs utilizing Clipper for direct loads onto their customers' cards will start utilizing the new Institutional Transit Benefit portal to place their monthly orders. The transit benefit providers will require training on the new portal, as well as assistance with the new order and invoicing process.

Cubic has provided a proposal to add a staff member who will be responsible for being the point of contact for the benefit providers, from training on the portal to overseeing and approving monthly orders and invoices, as well as providing ongoing customer service support for any technical or customer service issues that might arise.

Cubic is neither a small business nor a disadvantaged business enterprise.

**Issues:**

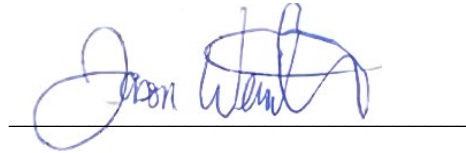

None identified.

**Recommendation:**

Staff recommends that the Board approve a Change Order with Cubic Transportation Systems, Inc. in an amount not to exceed \$250,000 to provide technical and customer service support in FY 25-26 to transit benefit providers using the Clipper system.

**Attachments:**

None.

Jason Weinstein

## Request for Board Approval

---
