Fiscal Year 2023-2024 Productivity Improvement Program

All Operators

Transit Operator: All Bay Area Transit Operators

Project Title: Active Participation in Advancement of Regional Initiatives¹

Project Goal: Improve passenger experience and enhance transit efficiency.

Project Description: The Blue Ribbon Transit Recovery Task Force was convened by MTC to guide the future of the Bay Area’s public transportation network as the region adjusted to new conditions created by the COVID-19 pandemic. In 2021, the Commission adopted the Transit Transformation Action Plan, leveraging this group’s recommendations to document a series of near-term actions needed to begin transforming the region’s transit network into a more connected, efficient, and user-focused system. In 2023, the Regional Network Management framework, including the RNM Council, was established to guide regional transit network management activities. All Bay Area transit operators will support the implementation of efforts identified in the Transit Transformation Action Plan and in the RNM Council’s Work Plan, across the themes of Fares and Payment (including transit fare policy and integration pilots); Customer Information (including regional mapping and wayfinding initiatives); Transit Network Efficiency; Accessibility (including paratransit streamlining and county-based mobility management efforts); and Funding.
