Agenda Item 2d - 23-1138

MTC Resolution Nos. 4556, Revised; 4570, Revised; 4571, Revised.

Subject:

The proposed action revises the FY 2023-24 MTC Fund Estimate and allocates \$7.9 million in FY2023-24 Transportation Development Act (TDA) and State Transit Assistance (STA) funds to Western Contra Costa Transit Authority and the San Francisco Bay Area Water Emergency Transportation Authority (WETA) to support transit operations and capital projects in the region.

Background:

Fund Estimate: Reconcile Actual FY 2022-23 STA and State of Good Repair (SGR) Revenues

Overall, final FY 2022-23 STA revenue totaled \$376 million. This represents a 44% increase above FY 2021-22 actuals, and 7% increase above initial estimates for FY 2022-23 from the State Controller’s Office (SCO). This increase is due to higher-than-expected state diesel sales tax revenues collected in California. SGR Program revenue, which is driven by state vehicle registration fees (known formally as the Transportation Improvement Fee), totaled \$44M in FY 2022-23, or approximately \$1.5 million more than in FY 2021-22. A summary of STA and SGR program revenue is included in the table below.

<i>(\$ in millions)</i>	FY2021-22 STA	FY2022-23 STA	FY2021-22 SGR	FY2022-23 SGR
Revenue-Based	\$191	\$276	\$31	\$32
Population-Based	\$70	\$100	\$11	\$12
Total	\$260	\$375	\$43	\$44

Fund Estimate: Updated FY 2023-24 STA and SGR Program Revenue

On August 1, 2023, the SCO issued revised revenue forecasts for FY 2023-24 for the STA and SGR programs. The forecast includes a statewide increase of \$28 million over the original estimate from February 2023, which translates to approximately \$10 million more in STA funding for the Bay Area. Revenue forecasts for the SGR program remain consistent with original forecasts from February 2023.

FY2023-24 Allocations of TDA and STA Funds

This month’s proposed actions continue the allocation process of TDA and STA funds for FY2023-24. Two entities are requesting TDA and STA allocations this month that exceeds the \$1 million Delegated Authority limit. Allocation requests that are less than \$1 million are approved separately through the Executive Directors ‘s Delegated Authority process. These funds comprise a significant share of the revenue for agencies’ operating budgets.

The proposed allocation amounts are based on the programming levels identified in the FY2023-24 Fund Estimate (MTC Resolution 4556). The proposed allocations are summarized below:

Allocation Amounts by Entity¹ (amounts in millions)

Entity	TDA (Res. 4570)	STA (Res. 4571)	Grand Total
WestCAT	\$4.6	\$0	\$4.6
WETA	\$0	\$3.2	\$3.2
Total	\$4.6	\$3.2	\$7.8

Note that amounts may not sum due to rounding

Information regarding the FY 2023-24 operating budgets and current and future operations for WestCAT is provided in Attachment A. WETA’s operating summary was provided in conjunction with an earlier allocation action for that agency.

Budget and Operating Highlights

WestCAT’s service area covers approximately 20 square miles along the Interstate 80 corridor, with a population of around 67,000 people. WestCAT partners with MV Transportation to manage its diverse fleet, covering paratransit, standard, and double-decker buses. The agency offers an array of fixed-route and Dial-A-Ride services, serving various routes and schedules. Dial-A-Ride provides curb-to-curb transport for seniors, disabled passengers, and the public in select areas with geographical challenges, aligning its operations with fixed-route bus schedules.

WestCAT's proposed budget for Fiscal Year 2023-24 outlines \$15.3 million in operational expenses for fixed route and paratransit services, alongside associated revenues. An additional \$0.3 million is allocated for capital expenditures with associated revenue. The budget is established with the expectation of a continued recovery in fixed route and paratransit services post-pandemic. While federal stimulus funds offered relief from pandemic financial challenges, shifts in travel patterns and work-from-home trends have enduring effects on transit usage. State and local revenues, although recovering, may not reach pre-pandemic levels. Furthermore, contractual, and inflationary factors contributing to WestCAT's expenses continue to rise. This budget represents a 6.7% increase over the FY 2022-23 budget, sustaining existing fixed route services with an optimistic outlook for filling vacant operator positions. The capital budget of

⁸ Includes allocations made through Executive Director’s Delegated Authority as allowed by MTC Resolution No. 3620, Revised. Any allocations made by Delegated Authority will be reported as part of the quarterly Delegated Authority update to the Commission. Excludes allocations made for transit capital or planning and administration purpose.

\$0.3 million covers facility, maintenance, and information technology upgrades, funded by TDA capital funds.

WestCAT is currently exploring the needs and requirements that will provide the electrical infrastructure or the hydrogen storage capabilities for a future transition to an all Zero Emission fleet, which involves installing charging stations, induction charging at transit centers, solar panels with battery storage, and hydrogen storage. Funding for this project is expected to come from state, federal, and local sources, and it will be ongoing over a five-year period. This transition represents a substantial capital investment, requiring driver and mechanic retraining and a different level of service planning.
